EIGHT PAGES TODAY

PRESIDENT ANSWERS APPEAL OF GERMANY FOR ASSISTANCE

Says he is Ready to Consider Favorably Supplying of Foodstuffs to Enemy Nation.

REQUESTS SOME GUARANTEES

Is Willing to Prevent Suffering if he is Assured Order is Now Being Maintained.

AND WILL CONTINUE TO BE

Must Also be Guarantee of Equitable Distribution—Allied Governments Consulted.

(By United Press.)

Washington, Nov. 13.—President Wilson is ready to consider favorably the supplying of foodstuffs to Germany, if he can be assured order is being and will continue to be maintained there.

This reply has been sent Germany in answer to her appeal for food. The other condition placed was that there be a guarantee of equitable distribution.

The main portions of the answer as given by Secretary Lansing to Germany through the Swiss minister, are as follows:

"At a joint session of the two houses of congress on November 11, the president announced that the representatives of the associated governments in the supreme war council at Versailles have assured the people of the central empires that everything that is possible will be done to supply them with food and relieve the distressing want, and that steps are to be taken immediately to organize these efforts of relief in the same systematic manner that they were organized in the case of Belgium. Furthermore, the president expressed the opinion that by the use of idle tonnage of the central empires, it ought presently to be possible to lift the fear of utter misery from their oppressed populations and set their minds and energies free for the great and hazardous task of political construction which now face them on every hand.

"Accordingly, the president now directs me to state that he is ready to consider favorably the supplying of foodstuffs to Germany and to take up the matter immediately with the allied governments, provided he can be assured that public order is being and will continue to be maintained in Germany and that an equitable distribution of food can be clearly guaranteed."

Germany Given 24 Hours More

London, Nov. 13.—A wireless dispatch from Paris today announced the allied high command had informed the German high command that a supplementary 24 hours had been added to the time granted for evacuation of Belgium, Luxemburg and Alsace-Lorraine.

Fires Behind Hun Lines

With the American Armies in France, Nov. 13.—Huge fires were visible last night in the direction of Conans, behind the German lines. At some places the Germans remained facing the Americans, waving their hands toward our lines and strolling in the open fields without guns.

The second army reported heavy shouting and cheering from the enemy lines all night.

HEAR OF SON'S DEATH

Nashville, Ind., Nov. 13.—While participating in a jollification at Helmsburg, Monday, over Germany having signed an armistice in the world war, Mr. and Mrs. Syllanus Schrock, of Brown county, received a telegram from the war department at Washington telling them of the death of their son, Louie E. Schrock, age twenty-seven, in France.

ANNOUNCES HIS ABDICATION

Emperor Karl of Austria-Aungary Issues Proclamation.

(By United Press.)

Copenhagen, Nov. 13.—Emperor Karl of Austria-Hungary, in announcing his abdication, issued the following proclamation:

"Filled with love for my people, I will not hinder their free development. I relinquish all participation in the administration of state affairs. May the people harmoniously adjust themselves to the new conditions."

CARTONS NOT BEING CLAIMED VERY FAST

Apparently Not Many Rush County People are Receiving Labels From Soldiers.

TIME EXTENDED TO NOV. 20

Not more than forty cartons for shipping Christmas gifts to soldiers overseas, have been given out by the special Red Cross committee in charge of the work. It was estimated by the committee last night that approximately thirty of these had been returned filled, and had been mailed by the committee. The first parcel sent from here was for Lieut. Harold Pearce and was sent by his mother, Mrs. Florence Pearce. There is no explanation for the slowness with which the cartons have been claimed, except that it is due to the fact that Rush county relatives of men in the expeditionary forces are not receiving their Christmas labels. It is necessary to have one of the labels sent from abroad, before a carton can be obtained and packed with Christmas gifts.

The time for mailing Christmas gifts for overseas soldiers has been extended to November 20. The limit was previously fixed as November 15, but an extension was granted on account of the delay in supplying soldiers with labels.

SCHOOL ATTENDANCE MEETS EXPECTATIONS

Officials Gratified Because it Was Feared Many Children Would Not Return

EPIDEMIC IS ABOUT ABATED

The attendance in the Rushville public schools, as well as in the township schools throughout the county, is more than meeting expectations, according to school officials.

When the schools opened this week, after being closed for five weeks on account of the Spanish influenza, it was feared that many pupils would not be allowed to return to school even though they were well. However, the epidemic does not seem to have made very deep inroads on children, such as it did among young adults. The schools really did not get down to business yesterday because school work was suspended Monday on account of the celebrations over the winning of the war.

The epidemic is practically abated in the county. No new cases in the county outside of Rushville and only one in Rushville, have been reported since last Saturday. The one case in the city was a trained nurse who fell ill Monday.

NO COTTON SPECULATION.

(By United Press.)

Washington, Nov. 13.—The war industries board has prohibited speculative short selling in cotton futures. This action was taken because speculative interests were taking advantage of the war situation.

MODIFICATION OF BUILDING ORDERS

Most Projects May go on Unrestricted Since Armistice Has Been Signed

ORDER FROM DEFENSE BODY

Farm Buildings May be Erected, As Well as Public Structures Not Costing Above \$25,000.

Modifications have been issued to the Rush County Council of Defense regulating local building for the next few months, having been prepared by the war industries board on account of the armistice with Germany being signed.

Hereafter no permits or licenses from the non-war construction section of the war industries board will be required in erecting farm or ranch buildings or in making improvements on them.

Other building projects which may now proceed unrestricted without a federal permit, which do not include all that are specified by the bulletin from the State Council of Defense, are as follows:

The construction, maintenance, improvement or development by federal, state or municipal authorities of highways, roads, boulevards, bridges, streets, parks and playgrounds.

The construction, extension, improvement, maintenance or repair of any public utility including water supply systems, sewer systems, light and power facilities and street and interurban railways.

The construction, alterations or extensions of, or repairs or additions to plants engaged principally in producing milling, refining, preserving, refrigerating or storing foods and feeds.

The construction of new, or the alterations or extensions of existing schoolhouses, churches, hospitals and federal state or municipal buildings, involving in the aggregate a cost not exceeding \$25,000.

The construction of new buildings or structures not embraced in any of the foregoing classifications, or the repairs or additions to, or alterations or extensions of existing buildings and structures, in either case involving in the aggregate a cost not exceeding \$10,000.

The construction of new buildings or structures not embraced in any of the foregoing classifications, or the repairs or additions to, or alterations or extensions of existing buildings or structures, in either case involving in the aggregate a cost not exceeding \$25,000, when approved in writing by the State Council of Defense or its duly authorized representatives.

Building begun prior to September 3, 1918, where a substantial portion of the building has already been constructed.

REPORTS DIFFER ON CROWN PRINCE'S FATE

Bern Dispatch Says His Body Was Found Covered With Bullet Wounds in a Train.

AT THE FRONT ANOTHER SAYS

(By United Press.)

London, Nov. 13.—Conflicting reports were received today regarding the former crown prince of Germany.

A Bern dispatch said that his body had been found covered with bayonet and bullet wounds in a train bound for the Dutch frontier.

The German official news agency announced that he was at the front with his troops.

A Rotterdam dispatch said he arrived at Maastricht yesterday afternoon.

TO LIVE ON ISLE OF CORFU

Former Kaiser to Seek Quiet On Mediterranean Island, Report Say

(By United Press.)

Amsterdam, Nov. 13.—Count William Hohenzollern, the former kaiser, plans to make his permanent residence on the Island of Corfu, it was stated by well informed persons today.

Corfu lies in the Mediterranean off the coast of Albania. The island has beautiful scenery and the climate is mild.

THIS MAY EXPLAIN PREMATURE REPORT

LeMatin of Paris Gives Conservation Tending to Show When Armistice was Signed

HUNS RECEIVED THURSDAY

(By United Press.)

Paris, Nov. 13.—The newspaper LeMatin, describing the arrival of the German plenipotentiaries, explaining that the night they were presented to the French lines (Thursday) Major Bourbonbusset said to General Winterfeld, on behalf of General Debeney:

"The misunderstanding must be immediately cleared up. The army this afternoon received three German parliamentary officers who assured us that the armistice was signed. Now operations are continuing."

General Winterfeld replied: "Undoubtedly, but I see in that only an error of interpretation."

The foregoing may in a measure clear up the mystery surrounding the report which was sent to the United States from Paris last Thursday morning to the effect that the armistice had been signed at 11 a. m. and that hostilities had ceased at 2 p. m. The United Press, which sent the dispatch, on Friday, cabled a statement by Admiral Wilson, commanding the American fleet in French waters, in which he took responsibility for the statement, which he believed at the time was based upon reliable information.

A VICTORY MEETING

A victory thanksgiving meeting will be held at the Arlington M. E. church Thursday evening. A cordial invitation is extended to everyone by the pastor, the Rev. F. M. Westhafer.

JOINT ACTION NEEDED TO DEAL WITH KAISER

Powers Must Co-operate to Send Wilhelm to Elba or St. Helena, Declared in London.

WILL NOT INTERFERE AGAIN

(By United Press.)

London, Nov. 13.—Joint action by the powers will be necessary to send the former kaiser to Elba or St. Helena, or to subject him to criminal prosecution, it was pointed out by the British officials today.

No anxiety is felt regarding the possibility of Wilhelm again interfering with the world's peace. He is regarded as impotent for further evil in view of the drastic armistice forced by the allies.

The internal situation in Germany is believed to be rapidly precluding any pro-kaiser sentiment that may linger there.

BANK ROBBERY FAILS

Franklin, Ind., Nov. 13.—An attempt was made early today to rob the Farmers National Bank, in Trafalgar, eight miles southwest of this city, but the robbers were frightened away before they succeeded in blowing the safe.

NAVY AND MARINE CALLS CONTINUED

Cancellation of Inductions Applies Only to Army, According to Instructions Today.

SOME CLASSIFICATIONS GO ON

Board Ordered to Discontinue Work of Classifying Registrants Above 37 Years of Age.

The local army board urges that questionnaires be returned as soon as possible because there is nothing in the changes which have been made due to the signing of the armistice, providing questionnaires shall not be returned. There are approximately thirty due from Rush county registrants.

Military registrants will be called and inducted into the navy and marine corps as if an armistice with Germany had never been signed, but there will be no more inductions into the army.

Supplementing a telegram yesterday cancelling all army calls, the local army board today received three pages of instructions regarding their procedure for the present.

"The orderly process of classification, physical examination and other activities of the selective draft will not be affected by or interrupted by this telegram," say the instructions, but they provide that—

The board shall discontinue all work of classifying men who on Sept. 12 had attained their thirty-seventh year;

That they shall continue the classification of registrants between nineteen and thirty-seven years;

That they shall send questionnaires to and classify all registrants eighteen years of age as expeditiously as possible.

The local board has already classified all registrants between nineteen and thirty-seven years and has examined physically all class one, except those whose status is undetermined because of claims before the district board upon which there have been no rulings.

The instructions resulted in the board today halting the classification and calling for examination of registrants above thirty-seven years of age. The majority of the registrants who were eighteen and had not attained their nineteenth year on September 12 have received their questionnaires and have been classified. A large number of them have been inducted into the S. A. T. C. The remaining ones in this class whose cases have not been acted upon, will be classified at once. Questionnaires have been mailed to all registrants of September 12 and all but approximately thirty returned.

The clause in the instructions relating to navy and marine corps inductions reads as follows:

"Nothing in this telegram shall be construed as affecting any call or competent order for induction into the navy or marine corps. All such inductions and entrainments will proceed as ordered."

Beginning, the instructions read as follows:

"Pending developments in the situation which arises because of the fact that Germany has signed an armistice providing for the cessation of hostilities, the president directs that all general and voluntary special calls now outstanding for the induction and mobilization of registrants of whatever color or physical qualifications for the army be and that the same are hereby cancelled."

Other paragraphs in the orders, which will be of interest to registered men, are as follows:

"All registrants whose inductions are cancelled or who are discharged by this order shall revert to the status existing at the time of the issuing of the original induction order, in-

UNITED WAR WORK CAMPAIGN NOW ON

Why We Need Much More Than \$170,500,000.

John R. Mott, Director General of the Campaign, Gives Ten Convincing Reasons for Raising Fund.

BY JOHN R. MOTT.

1. Because of the remarkable increase of the American army and of its inevitable continued increase. The budgets of at least three of the seven organizations uniting in the forthcoming Campaign were based on data assembled last spring, when it was thought there would be not more than 1,000,000 American soldiers in France by November first. As a matter of fact, the number there by that date will be 2,000,000. When those budgets were made, moreover, it was

STOMACH MISERY

Get Rid of That Sourness, Gas and Indigestion.

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Mi-o-na stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow.

Mi-o-na stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back. For sale by Johnson's Drug Store and all leading druggists.

COLDS INTERFERE WITH BUSINESS

Dr. King's New Discovery relieves them and keeps you going on the job

Fifty continuous years of almost unflinching checking and relieving coughs, colds and kindred sufferings is the proud achievement of Dr. King's New Discovery.

Grandparents, fathers, mothers, the kiddies—all have used and are using it as the safest, surest, most pleasant-to-take remedy they know of.

Sold by all druggists. 60c and \$1.20.

Keep Bowels On Schedule

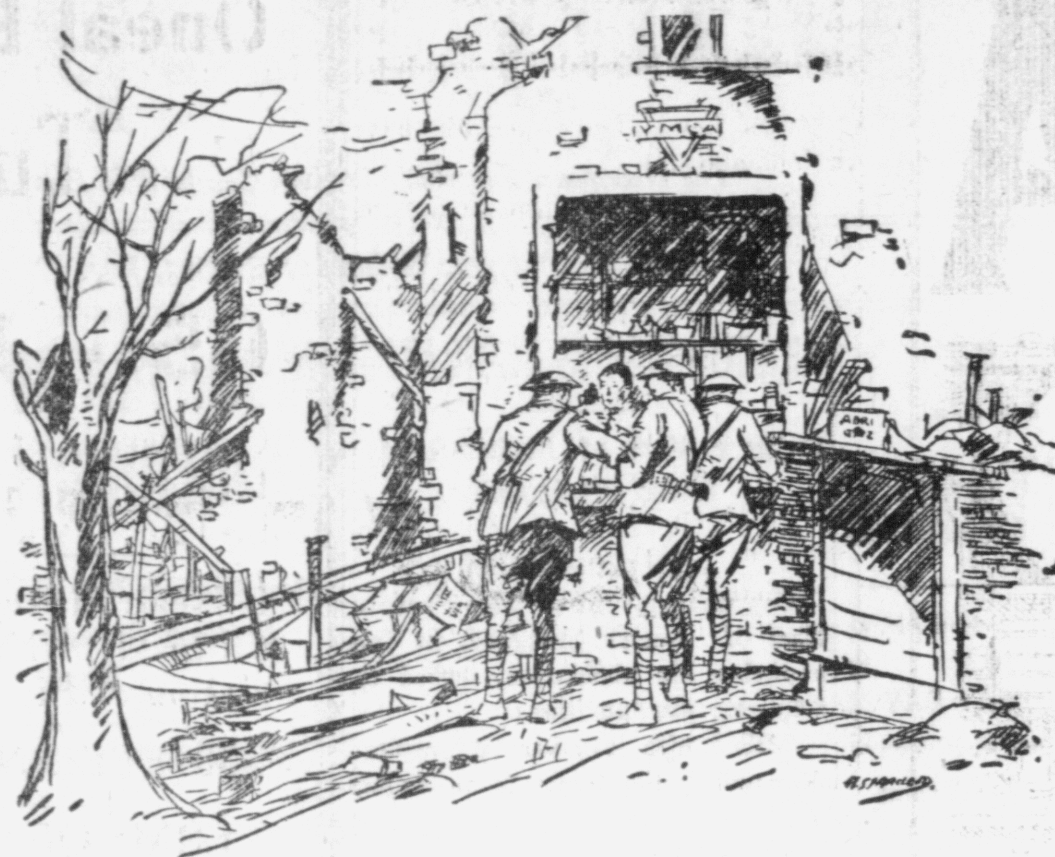

Late, retarded functioning throws the whole day's duties out of gear. Keep the system cleansed, the appetite lively, the stomach staunch with Dr. King's New Life Pills. Mild and tonic in action. Sold everywhere. 25c.

thought that the total number of American soldiers on both sides of the Atlantic by next summer would not exceed 3,000,000, whereas our military leaders are now preparing for an American Army, before the end of next summer, of between 4,000,000 and 5,000,000.

2. Because of the marvelous expansion of the American Navy. When America entered the War, we had less than 70,000 men in the Navy. There are now over 600,000 sailors and marines and the number will be further greatly increased. Relatively, the organizations which are uniting in their Campaign have neglected the Navy, but it is their desire to help this arm of the service as much as any other, and therefore a much larger sum of money will be needed for this purpose than is now included in their respective budgets.

3. Because this war, unlike others, is not alone a war of armies and navies, but a war of entire peoples. In particular, it involves vast numbers of the industrial classes. Since our financial plans were announced, the claims of these industrial classes at home and overseas have been pressed upon us, and it has been made clear that we must augment greatly our efforts on behalf of the millions of men and women at work in arsenals, in navy yards, and in countless militarized and other indispensable war industries.

4. Because the burden of this war falls so heavily upon the women of America and of the Allies. They have taken the places of multitudes of men engaged in ordinary occupations and

Out o' Luck—and In Again!

THREE soldiers who had been cut off from canteen supplies for many days left the trenches for a brief respite.

"Oh, for a smoke!" said one.

"And something sweet—some chocolate or cookies!" said another.

"I need a tooth brush and some soap worse than anything," said the third.

They came into a desolated village. Not a soul was in sight.

"We're out o' luck!" they said. And then they turned a corner.

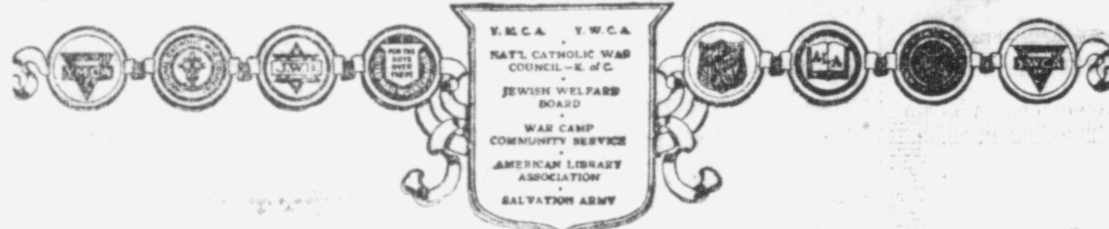

"There it is!" they cried. It was a sign on the only building left standing in the place. It was the canteen run by one of these seven recognized organizations.

"Who said we're out o' luck?" they shouted. "We're in again!"

More than 500 tons of supplies leave our ports every week under the direction of these seven agencies—just so that wherever the American soldier happens to be, he will find good cheer and comfort waiting for him. A splendid army of uniformed workers are now engaged in this work and General Pershing asks that at least a thousand more be sent each month.

Nothing is too much to do for those who are bearing the brunt of this war. What will you give for those who are giving everything?

UNITED WAR WORK CAMPAIGN

E. R. Casady donates this space for the success of the U. W. W. Campaign.

have thus released millions for the fighting forces. They are also largely engaged in making munitions and in other essential war industries. The facts concerning the needs of women affected by war conditions convince us that a much larger financial provision should be made on their behalf than the budgets of our organizations contemplate.

5. Because of the comprehensive nature of the ministry being rendered the American Army and Navy and the forces of our Allies. It is the aim of these agencies to place at the disposal of our soldiers and sailors all that is best in American life. We represent to them the American home, the American school and college, the American forum, the best phases of American club life, the finest aspects of the American stage, and above all the American Churches and Synagogues. This is a colossal program and calls for a large expenditure of money—an expenditure necessarily increasing with the growth of the Army and Navy.

6. Because of the continuity of the service we are seeking to render. We aim to follow the soldiers and sailors from the time they leave their homes, while they are in transit, while they are at the training camps, large and small, while they are on their way to the ports of embarkation, as well as at those ports, while they are on the sea, during their stay at the ports of debarkation, during their experiences in further training overseas, in the zone of combat including the front line trenches, while they are at leave resorts or in the hospitals or in the prison camps, and then all the way back to their homes. The volume of expenditure necessarily grows with the steady enlargement of the fighting forces.

7. Because of the imperative need of placing all these helpful facilities at the service of the French Army of 4,000,000, of the Italian Army of 3,000,000, and of the smaller but very important armies of Russia, of Belgium, of Portugal, of Macedonia, of Palestine, of Mesopotamia, and of Egypt. The claims of these Allied Armies were not sufficiently recognized in the framing of our budgets.

8. Because of the indescribable need of the millions of prisoners of war, who must look to us solely for a comprehensive program in the interest of New Zealand homeward. Without doubt it will take not less than twelve months to bring our American Army home. During that long period they will have virtually all their time on their hands. They will not have the excitement and the incitement of the war period to stimulate their spirits or its intense activities to absorb their attention and utilize their time. Their temptations will be more numerous and persistent. There will be a tendency to let down standards and relax discipline. It is of the utmost importance that plans be made for the wise use of their leisure hours. The practical and significant question is, Shall our men and boys come back to their physical, mental, social, and moral well-being?

9. Even though the War were to end within a few months, or a few weeks, we should stand in great need of a fund of more than \$170,500,000, because this work, unlike that of many other agencies, will have to be continued throughout the entire period of demobilization. While in Europe, I was told by military authorities that it will require a period of fifteen months from the time that the conflict ceases to transport the Canadian Army to their homes, and that it will call for not less than eighteen months to convey the armies of Australia and

us weaker or stronger men? The period of demobilization should not be allowed to become a period of demoralization but rather should be made one of growth in knowledge and working efficiency and of strengthening of character and life purposes. The Young Men's Christian Association and the other organizations are planning not only to enlarge their recreational program during this period, but to launch a great educational campaign. In popular language it may be described as "The University in Khaki." An Army Educational Commission composed of a group of the leading educators of America has been sent overseas. They have asked for two thousand professors and teachers of American colleges and schools to help in launching educational work for the coming winter, and also to be on hand for the period of demobilization, whenever it comes. We have entered into negotiations with the British and French universities to help us in this vast educational undertaking. One may judge of the great dimensions of the enterprise from the fact that it will require at least \$8,000,000 for textbooks and books of reference for the coming winter alone. It ought to be added that no provision is made for this educational program in the budget of \$170,500,000 and therefore in itself this plan affords a further reason why we must have a large oversubscription.

10. If there were no other reason, there should be a large oversubscription in order to meet promptly and effectively emergencies and crises which are sure to come. If you take away from war the unexpected, the surprises, the calamities, the emergencies, the crises, you take away war.

Decide NOW what you SHOULD GIVE to the United War Work Fund.

If you wait too long for your Christmas Photos, you may be disappointed. Wallace Photographer. 20616

A Wall of Resistance

Emphasis should be placed upon the conservation of strength and the building up of a strong wall of resistance against weakness.

SCOTT'S EMULSION

is used regularly by many, right through the winter, as a dependable means of conserving strength. For the delicate child or adult, Scott's offers rich nourishment with tonic qualities that are great in their ability to strengthen the body and increase resistance.

Scott & Bowne, Bloomfield, N.J. 18-21

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Fagged Out Women Vinol is What You Need

If all the tired, overworked, run-down women in this community could realize how our delicious Vinol, which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates supplies the vital elements necessary to enrich the blood and create working strength, we wouldn't be able to supply the demand.

Dukedom, Tenn. "I live on a farm and keep house for six in my family. I got into a nervous, run-down condition so it seemed as though I would die. A friend advised me to try Vinol. I have been greatly improved by its use and am better and stronger in every way."—Mrs. H. H. Goodwin.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Vinol Creates Strength

Days Pickings

Mrs. Arthur Yakey is suffering with an attack of the pleurisy.

Allen Daniels, who has been suffering with the Spanish influenza, is slowly recovering.

Mrs. Emma Mabra left Tuesday evening for a short visit with relatives in Marion, Indiana.

Albert Heathcock and son Virgil of Carthage spent Monday evening as the guest of friends in this city.

Edward Hammond of Cincinnati spent the week-end as the guest of his parents, the Rev. and Mrs. E. W. S. Hammond.

An eight pound and a half boy has been born to the wife of Jesse Stevens in North Willow street. The child has been named Paul Phillip.

Amusements

Bill Hart at Mystic

Bill Hart will be at the Mystic Thursday night in "The Disciple", a snappy western picture typical of the kind in which Hart is featured. Charles Chaplin in a good comedy is announced for Saturday.

Madge Kennedy in a Comedy.

Madge Kennedy in a sparkling comedy-drama, "The Danger Game" will be shown tonight at the Princess. The "Pathe News" will be an extra addition to the program. Thursday Seesue Hayakawa in "The City of Dim Faces" and the "Allied War Review" will be shown.

Gorgeous Sets, embracing scenes in a New York Cafe, mountain views, and beautiful interiors of a fashionable home, are features of "Old Wives for New," the superb photoplay, which is to be the attraction at the Princess Friday. Cecil B. De Mille directed this picture with great skill and careful attention to detail. The novel from which Jenie Macpherson constructed the scenario was written by David Graham Phillips.

The story is one which searches into the souls of men and women and shows the inner workings of mind and conscience in an unusual tangle of circumstances. A man's efforts to remain true to his wife who has lost all her pride in personal appearance; his later attempts to defend from the tongue of scandal a really noble woman who loves him; the attitude of his children toward father and mother when divorce is sought—these vital problems offer a splendid lot of material to which Mr. de Mille has done full justice.

ASAFOETIDA SUPPLY GONE

Many Cling to Idea That This Drug Will Keep Away Disease.

The epidemic of Spanish influenza caused a record-breaking demand for asafoetida in Rush county. Rushville drug stores were unable to supply the needs of the community for this drug. Their repeated requests of wholesale houses for asafoetida in any quantity have been of no avail. Many people still cling to the antiquated idea that asafoetida will keep diseases away harking back to the day when superstition was that a bag of asafoetida carried on one's person would make them immune to disease of any character.

BERNICE ENCAMPMENT

Bernice Encampment No. 12, I. O. O. F., will meet Friday evening, November 15 for the first time since the ban on public meetings was lifted. New officers will be elected and every member is urged to attend.

WOMEN SUFFERERS MAY NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican. —Adv.

Third Term Approves

The attitude of the Toy Manufacturers of the United States, who are holding a conference in New York, toward the shipment of 4,000 cases of German toys recently arrived at that port is indicative of the public feeling against German importations in general. Some of the dealers to whom the shipment is consigned have signified their intention not to accept the toys. The conference has adopted resolutions "with the hope that all loyal Americans will emulate the splendid example of those dealers and steadfastly refuse to accept, distribute, or use toys made by a

Your Labor Counts—every ounce of work you do helps some soldier who is fighting over there! This war is being fought as truly in the household and in the work-shop as it is in the trenches.

Some of our American women are borne down physically and mentally, by the weaknesses of their sex. They suffer from backache, dragging sensation, bearing-down pains, very nervous and pain in top of head. If they ask their neighbors they will be told to take a Favorite Prescription of Dr. Pierce's which has been so well and favorably known for the past half century.

Weak women should try it now. Don't wait! Today is the day to begin. This temperance tonic and nerve will bring vim, vigor and vitality. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial pkg. tablets.

Lafayette, Ind.—"I was in such a terribly nervous condition that I could not sleep at night. I would have dreadful nightmares. My druggist recommended Dr. Pierce's Favorite Prescription to me and it has helped me wonderfully. The first half bottle cured me of my nervousness and made me able to sleep at night just as quiet as a child. It has also relieved me of a pain which used to bother me a great deal at times. Dr. Pierce's Favorite Prescription is a grand tonic for women and I do not hesitate to recommend it."

UNITED WAR WORK CAMPAIGN

FOR THE BOYS OVER THERE

—By the Courtesy of The Rush County National Bank.

nation of fiends."

Yet the German trade with this country in toys and other products is precisely what the president wishes to perpetuate. That is the official interpretation placed on his peace term No. 3, in which he favors the elimination of all economic barriers among nations. Senator Hitchcock of Nebraska, democratic chairman of the foreign relations committee, has declared the president's language to mean that if term No. 3 becomes a part of the treaty of peace "it would be then improper for the United States to adopt a tariff discriminating between nations." In other words German toys would have to come into this country on precisely the same terms as similar importations from France or England, and other products would receive the same generous treatment.

The American people see a difference between toys made by a nation whose soldiers find pleasure in cutting off hands of children and impaling babies on their bayonets, and those manufactured by the peasants of a country that has endured the trials and sacrifices of France. As indicated by the action of the association of toy manufacturers in New York the people will demand that the German products be kept from their markets, in spite of the attempt of the President to bring them in on an equal footing with the manufacturers of other countries. If Mr. Wilson wishes to avoid an overwhelming storm of disapproval he will do well to put the soft pedal on all further mention of Term No. 3.

The old rule, "Who Breaks, Pays", is founded upon eternal justice. No terms of peace should be considered that do not require Germany to pay to the uttermost farthing for the wanton destruction and devastation of the regions she occupied in France and Belgium.

It is a comfort to look at Orion and Sirius in these clear autumn nights and to think that our boys "over there" are watched by the same kindly stars.

You have had the pleasure of subscribing for the Fourth Liberty bonds and right along now you are having the fun of paying for them.

Austria probably reflects that she would be far better off if four years ago she had reconciled herself to losing her Arch Duke and Duchess said nothing about it.

"Hoover Permits Serving of Hash"—news headline. If the food administrator had a more intimate knowledge of the boarding house product known as hash, he would reconsider his order.

DESCRIBES VISIT TO ENGLISH PALACE

Private Harold Wolcott Writes Parents of Tour of Home of Late Duke of Norfolk

CASTLE IMMENSE BUILDING

Former Rushville Boy Sits in Chair In Which Queen Victoria Once Sat

Private Harold Wolcott, 326 Aero Service Squadron, England, has written his parents Mr. and Mrs. F. E. Wolcott, an interesting description of his visit to an English palace built in the tenth century. His letter follows:

On the afternoon of October 6, the Y. M. C. A. took about fifty of us down to the castle at Arundel and we spent two of the best hours that I have spent since I have been on the other side, going through the place and grounds about. It is about three or four times as large as our court house at home and you could put the one at Indianapolis, inside of the main part of the building. It is simply immense. It was built in the tenth century and has been remodeled by the late Duke of Norfolk. There are halls filled with nothing but tapestry and paintings of old armor and fighting implements that were used in the early part of the ninth and tenth century. The grounds surrounding the castle are kept up in wonderful style and the buildings are furnished with the best of everything. It must cost a fortune to keep the place up.

I sat in the chair that Queen Victoria sat in and had a helmet on that some knight had worn in some mediaeval battles. We saw the great vaults, where the ancestors of the present duke are buried and the old chapel where they held their burial rites. Oh! it was certainly wonderful. Their library is a wonderful place and I could have spent hours in that room alone. Of course we

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

were not allowed in the rooms where the family is now living but the servants quarters are much better furnished than 85 percents of the houses in the States. They have in-laid cabinets and book-cases, which would cost a small fortune and the tapestry on the walls of the rooms is beyond price. There are hunting scenes and battles portrayed on the tapestry. They are so old that they are nearly falling off the walls.

Old pieces of armor and devices for torture are scattered all through the rooms and halls. There are two dungeons in the palace and of course we had to see those also. The castle is surrounded by high walls, which are thick enough to allow a car and buggy to pass easily and all along the walls are watch towers and guard houses. There is a place, where all the inmates could go and live in case the palace was besieged by the enemy. We also saw the old tilting grounds, where the knights of old used to combat for honors, etc. It was certainly a wonderful place and every one enjoyed it thoroughly. I have some very interesting souvenirs to show you when I get home and I hope that it will not be so very far distant. I want to go to London and see all the sights there on my seven day leave and I will write and tell you all the interesting things I have seen there.

I suppose that you are still having warm weather at home. We have been issued our heavy underwear and very glad to get it. It is English make and scratches the life out of me but its warm and we have to be contented and wear it. I haven't time to do my washing so I let an English woman do it and the best thing is that she doesn't charge very much. (She does a very good job. We have no facilities to do our washing as we have very little time off. We have Tuesdays off instead of Sundays, because all the shops are closed on Sundays and the trains do not run often to the surrounding towns. I worked this morning and went to the castle in the afternoon, but will have to work tonight to make up for the time I was off. When they have night flying, one fellow has to work all night to make out the reports on the flying time, but is off all the next day. We all take our turns at this night work so really it isn't so bad.

I saw in the paper where all the fellows eighteen years of age will have to register the same as the older ones did, who were drafted in the first quotas. I do not think that they will ever get to see this side now, because it looks as though the war will be over within the next year.

EIGHTEEN HOOSIERS IN TODAY'S CASUALTY

There are One Thousand and Sixty-one Names Issued, With 310 Killed in Action

100 ARE DEAD FROM WOUNDS

Washington, Nov. 13.—In today's casualty list there are one thousand and sixty-one names issued from the War department, with 310 killed in action; 100 died from wounds; 14 died from accident and other causes; 2 died of airplane accident; 1 died in sinking; 189 died of diseases; 90 wounded severely; 159 wounded (degree undetermined); 105 wounded slightly; 78 missing in action.

There are eighteen Hoosiers reported in today's casualties as follows:

Killed in action—Private Thomas A. Brown, Evansville; Private Cecil Earl Mount, Little York; Private Ernie Hutchings, Terre Haute; Private William A. Reed, Goshen; Private Gilbert R. Elloit, Paoli; Sergt. Bennie W. Vinup, Rising Sun; Private Winsfield McCormick, Lapaz.

Died of disease—Private Waldo W. Becker, Phrisney; Private Horace Holmer Hay, Bollmington; Private Lonnie Davisson, Parr; Lieut. Roy E. Harding, Bedford; Private George O. Gaines, Shelbyville.

Wounded severely—Corp. Vincent Harry B. Jones, Whiting.

Wounded (degree undetermined)—Private William Lee McCune, Evansville; Private William T. Rinter, Greenwood; Lieut. Samuel O. Taylor, Evansville; Privatetaoietaoiin taioete Evansville.

Prisoners—Private Gernie J. Spencer, Terhune.

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreader you will find on our sample floor. Come in and see it.

RUSHVILLE, INDIANA.

DRUGGISTS STILL ASKED TO CONSERVE STOCKS OF VAPORUB NEEDED IN "FLU" DISTRICTS

Influenza Epidemic is Decreasing in Most Sections and the Demand is Slackening But We Are Still 18,000 Gross Behind on Orders and it Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand [18,000] gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS

On October 1st we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more than three (3) dozen 30c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check or money order. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST.

We have prepared a little folder giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded arising—Adv.

THE VICK CHEMICAL COMPANY.

to druggists on request. We will also be glad to mail to any individual one of these booklets, together with a quarter-ounce sample, free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bed-covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE.

It is questionable if there is anything which will prevent Spanish Influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and sniff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half-full of boiling water—put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising—Adv.

GREENSBORO, N. C.

NAVY AND MARINES CALLS CONTINUED

Continued from Page One
cluding a resumption of their order and serial number.

"Nothing herein contained shall operate to relieve from the consequence of his acts any resister affected by these orders who has heretofore become a delinquent or deserter.

"The purpose of this telegram is merely to cancel outstanding calls and stop the entrainment thereunder of men for the army. All registrants released from induction under the provision of this telegram are liable for immediate call in the usual manner at any time."

The orders did not have the effect of halting any local contingents enroute to camp, but resulted in a cancellation of the call for eight men who were to leave Friday for Camp Wadsworth, South Carolina. They would not have been inducted into the service until they reported the day before entrainment; therefore no Rush county registrants who were not in camp before the armistice was signed, will be honorably discharged, as provided in the order, because none outside of camp had been inducted.

The registration card of Jesse L. Booth of Alberta, Canada, formerly of this county, was received today. He was the 2,246th man to register.

Rulings from the district board were received in four cases today. John S. Stewart, 736 W. Third street was placed in class one; Henry Hier of Rushville R. R. No. 7 and Richard J. Spurling of Milroy were given class two, and Samuel Haywood of Rushville R. R. 8 was placed in class three.

The board is in receipt of three rulings from the district board. Charles W. McMichael of Rushville, R. R. 8, was placed in class two on account of an agricultural claim and Jacob Kessler of Rushville, R. R. 2 and Daniel M. Hays of Rushville, R. R. 10 were placed in class three on the same kind of claims.

Physical examinations conducted Monday and Tuesday resulted in sixteen being held for general military service. Four were rejected and one was held for limited service. Tuesday's group of registrants was best qualified physically of any which have ever appeared before the medical examiner, eleven out of twelve examined being held for service. Three failed to report and were rejected. Two of the men called for Monday had been previously examined.

RESTRICTIONS ON BUILDING REMOVED

In an announcement made yesterday by the State Council of Defense, all restrictions, that would apply to local building were removed, being removed from ALL FARM BUILDINGS and from ALL OTHER BUILDINGS costing LESS THAN \$25,000.00.

This ruling will undoubtedly stimulate building. Lumber stocks are generally broken now owing to recent embargo on shipments; THOSE CONTEMPLATING BUILDING either this fall or in the spring will do well to PLACE ORDER NOW and SECURE MATERIAL while available.

ADVANTAGE OF THIS FINE WEATHER should be taken to PAINT ROOFS AND GUTTERS BEFORE WINTER.

Pinnell-Tompkins Lumber Co.

REV. MOODY EDWARDS WRITES FROM MEXICO

Describes Climates and Tells of His Work as Missionary Among the Natives.

FORMERLY PASTOR IN COUNTY

F. C. George of North Perkins street, is in receipt of a letter from the Rev. Moody Edwards, formerly pastor of the Little Flatrock Christian church and other churches in the county, but now a missionary on the Mexican border.

Mr. Edwards tells briefly about his work, saying that besides preaching in English on alternate Sundays in Eagle Pass, Texas, where he is located, he is teaching English twenty-two hours a week in the Peoples' Institute in Piedras Negras, Mexico, and that there are seven bright young men studying for the ministry. He says they are conducting a church for the natives and have a Sunday school of about seventy members.

The Rev. Mr. Edwards states that his wife, his daughter and himself have just recovered from the influenza, and continues that because of the exceedingly dry climate, the death rate is very low. He adds that there was no rain from May 12 to September 11, and that the natives tell him that they will probably not have any more until spring.

Decide NOW what you SHOULD GIVE to the United War Work Fund.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again. Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

THE WAR IS OVER — BUT

THE NECESSITY FOR SAVING FOOD IS NOT

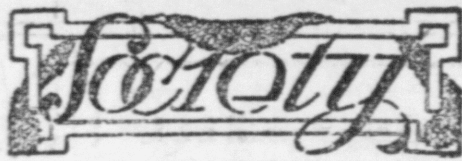

We ask you not to stop saving food and the extra pennies—they both will be needed more than ever until the war-torn countries are able to support themselves again.

Social Calender, Thursday

Ladies Musical at the St. Paul's M. E. church, in the afternoon at 2:30 o'clock.

Aid society of the Sexton Christian church, all day meeting in the M. W. A. hall.

Miss Alma Green entertained the members of the Psi Iota Xi sorority last evening at her home in East Sixth street. During the business meeting numerous plans were discussed for the future. A very enjoyable evening was spent knitting and in a social good time.

* * *

The members of the Loyal Daughters of the Christian church met last evening at the home of Mrs. Albert Allen in West Eleventh street. The members took their first lesson in French and it proved to be very interesting study. There were about twenty members present.

* * *

There will be no meeting this week of the Women's Home Missionary society of the St. Paul's M. E. church. Next Thursday there will be a meeting and all members are requested to bring their thank offering.

* * *

The members of the Aid society of the Sexton Christian church will hold an all day meeting in the M. W. A. hall tomorrow. All members and others, who are interested in the work are welcome to come and attend the meeting.

Depression to the Winds.

Let Joy be Unconfined.

Values Beyond Compare

More than ever this year, you should look well to the material and making of your new coat, suit or dress. Wooltex coats and suits, made by a house of national reputation, are made of all-wool quality materials, tested and pre-shrunk. The tailoring is exquisite and thorough, down to the smallest details.

You get the utmost in style, as well as value for Wooltex styles are absolutely correct—the very latest Paris creations adapted to the American woman's sense of good taste. They not only fit perfectly but they hold their shape and beautiful lines.

Big Savings on Handsome Suits.

All our suits have been greatly reduced. This is surely an exceptional opportunity to secure a splendid suit at a meagre price. Every size from 14 to 47. An extensive range of colors.

Suits formerly \$20.00 to \$95.00

Now \$14.95 to \$65.00

Coats

of wonderful beauty, fashioned from elegant cloths and lustrous plushes. No matter what amount that you choose to invest, we can please you with a coat.

Dresses

possessing style and real worth. Jersey, serge, tricotine, satin and georgette go to make up the hundreds of dresses we will be pleased to show you.

Mr. and Mrs. Wilbur Stiers in-
formerly entertained last evening at
cards at their home in North Perkins
street. The guests for the occasion
were Mr. and Mrs. Harry McMillin
and Mr. and Mrs. Frank Catt.

* * *

Mrs. Mary J. Walton entertained
at dinner yesterday, Mrs. Berry Os-
borne, Mrs. Ben Gruell of Los An-
geles, California, Mrs. J.Q. Thomas,
Mrs. R. E. Cleveland of East Orange,
New Jersey, Miss Marie Walton and
Cary Walton of Greenfield.

* * *

After five months vacation the
Woman's Literary Circle of Carth-
age, spent a pleasant afternoon at
the home of Mrs. Van Hood yester-
day. The first number on the pro-
gram was "The Aims of America and
the Allies" by Mrs. Owen S. Hill,
followed by "The Historical Back-
grounds of the War", given by Mrs.
William Bundy. Mrs. Libbie J. Hills
read "The Causes of the Present
Conflict", which brought the meeting
to a close. The following new has
been added to the society: Mrs. J.
B. Redding and Miss Hazel Hill.
Miss Florence Hunt of Boston, Mass.,
Mrs. W. S. Coleman of this city and
Mrs. C. C. Henley, were the honored
guests.

* * *

Mrs. E. B. Thomas entertained the
members of the Monday Circle yester-
day afternoon at her home in
North Morgan street. During the
business session Mrs. Blanche Aber-
crombie, president of the organiza-
tion, collected \$25, which will be
turned in to the State Federation of
clubs for the fund being used to es-
tablish furlough houses "Over
There" for our soldiers. These
houses are to give all our boys all
the comforts of home life and to
make them happy while they are un-
able to get home on their furloughs.
Mrs. Ralph Payne and Mrs. J. B.
Kinsinger were selected as delegates
to represent this chapter at the State
Federation of Women's clubs con-
vention, which will be held in Indian-
apolis, next week. A very interest-
ing program was given after all busi-
ness matters had been discussed.
Mrs. L. L. Allen gave a complete pa-
per without notes on "Art and Art
Centers of America", after which a
very instructive paper was read by
Mrs. Louis Lambert, "Education and
Educational Problems". After the
reading of the two papers the mem-
bers discussed them.

The Manilla Red Cross will hold a
meeting in the M. E. church Wed-
nesday evening and elect officers for
the next year.

Decide NOW what you SHOULD
GIVE to the United War Work Fund.

News of Colored Citizens

Honoring Mrs. Ella Smith, the
bride elect, the Modern Pricilla club
gave a miscellaneous shower at the
home of Mrs. A. G. Hammond in East
Eighth street, yesterday afternoon.
The rooms were beautifully decorat-

ed in patriotic colors. A book
formed by each member presenting
a page and tied with the club colors,
was given to Mrs. Smith as a souv-
enir. Besides the book she also
received many useful gifts. At a
late hour, dainty refreshments were
served.

COUGHS AND COLDS QUICKLY RELIEVED

At the first sign of a cold or cough, commence treatment immediately with the best procurable remedy. **SCHIFFMANN'S EXPECTORANT** is guaranteed to be the best and most satisfactory remedy ever used, or money refunded in case it should not prove so. It is so strongly concentrated that 50 cents worth makes 64 teaspoonsful, when mixed at home with honey or sugar syrup. Positively contains no Chloroform, Opium, Morphine, or any other narcotic. Pleasant to take and children are fond of it. Druggists everywhere will refund money if it does not give perfect satisfaction, or is not found the very best ever used for Coughs, Colds, Bronchitis, Croup, Whooping Cough or Hoarseness. You will be the sole judge and under this positive guarantee absolutely no risk is run in buying the remedy.—Adv

Obituaries

A TRIBUTE

To the Memory of Mrs. Hypatia Marshall.

Her life is gone out, leaving a memory fragrant with good deeds and kind acts. A kindly soul she had, that was often unhappy at the unhappiness of others; a heart that always went out to those who had less than she. Many loving acts of charity, known only to herself and her Maker, are written in Life's Book above. Beautiful service at the bedside of the sick—one instance I recall, of the faithful care of an old and lonely woman, poor and unconnected, until the end, that came after a long and wearying illness. Another, the case of a young woman, long ill with tuberculosis, and without a relative to smooth the pillow, or lighten the dark way down through the Valley of the Shadow, had her loving care until the end.

Much of this loving care of the sick was done to fill the emptiness caused by the death of a beloved daughter some years ago, not knowing while doing it, that she was building a monument to her life such as no stone carver can ever build. These loving acts alone, it seems, would insure her a happy immortality, but there were many, many others.

Mrs. Marshall had many of the traits of her grandfather, an Eastern Indiana pioneer, Judge William B. Laughlin, as were revealed in a broad and charitable mind, and a loving, humble spirit.

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

HUNS USED FEET TO FIRE MACHINE GUNS

Lieut. D. D. Dragoo Says They Made
Pretense of Surrendering And
Then Shot Americans.

HORSES PLAY PART IN WAR

That the boche is crooked, Lieut. D. D. Dragoo, 317th headquarters troop, former local veterinarian, is convinced, according to a letter to Derby Green, written from some place in France. That is the reason he placed no faith in their efforts to negotiate an armistice. Lieut. Dragoo believed, however, that they were whipped and would have to admit it. As an example of their tactics in war, Lieut. Dragoo cited an example in his letter. He said he knew of instances where the Germans rushed out of their dugouts and indicated that they were ready to surrender by holding up their hands. When American soldiers approached them, he said, the Huns threw hand grenades in their faces and shot machine guns with their feet.

Lieut. Dragoo declared the world will never know the part the faithful horse and mule played in the war. He said that he spent two weeks at a time picking sharpshooters out of their dugouts and indicated that they were ready to surrender by holding up their hands. When American soldiers approached them, he said, the Huns threw hand grenades in their faces and shot machine guns with their feet.

Great Victory Sale!

In Which You Are Invited To Participate

The Boxley Piano Store's Sale of Musical Goods, comprising a stock of several thousand dollars' worth of Player-Pianos, Phonographs and Pianos, all will be sold at astounding low prices—Prices below all competition.

This sale comes in good time for everyone who wants an instrument for Xmas. Come to the store this week—without fail. Take advantage of the low prices, and have the instrument set aside for later delivery. Goods will be sold for cash or on reasonable terms. Buy now and avoid disappointment. There is an extreme shortage of musical goods everywhere. These goods were bought nine months ago—just before the big raise in price by the manufacturers. We saved money by making a large purchase of Player-Pianos and Phonographs—and now we are going to turn the entire stock at an enormous saving to all who wish to buy now. The quality of these instruments is the best on the market—reliable makers, such as are always to be found at the Boxley Store.

A SALE OF UTMOST IMPORTANCE TO ALL WHO WANT A NEW MUSICAL INSTRUMENT IN THEIR HOME.

U. S. NAVY ESCORTS 900,000 SOLDIERS

Also Performs Remarkable Feat In
Laying 80 percent of Mine Bar-
rage 360 Miles Long

OTHER ACCOMPLISHMENTS

(By United Press.)
Washington, Nov. 13.—Some of the accomplishments of the American navy may now be made public.

The American navy so far has provided escort for 900,000 troops. Americans ships also escorted 27 percent of allied and neutral shipping.

A mine barrage 360 miles long, the longest in the world, has just been completed between Scotland and Norway, completely enclosing the North Sea. The American navy laid 80 percent of these mines, with about 57,000 American made specially designed mines. This is regarded as one of the greatest naval feats in history and was previously believed impossible. The mines were transported from American to two gigantic American naval bases where they were assembled.

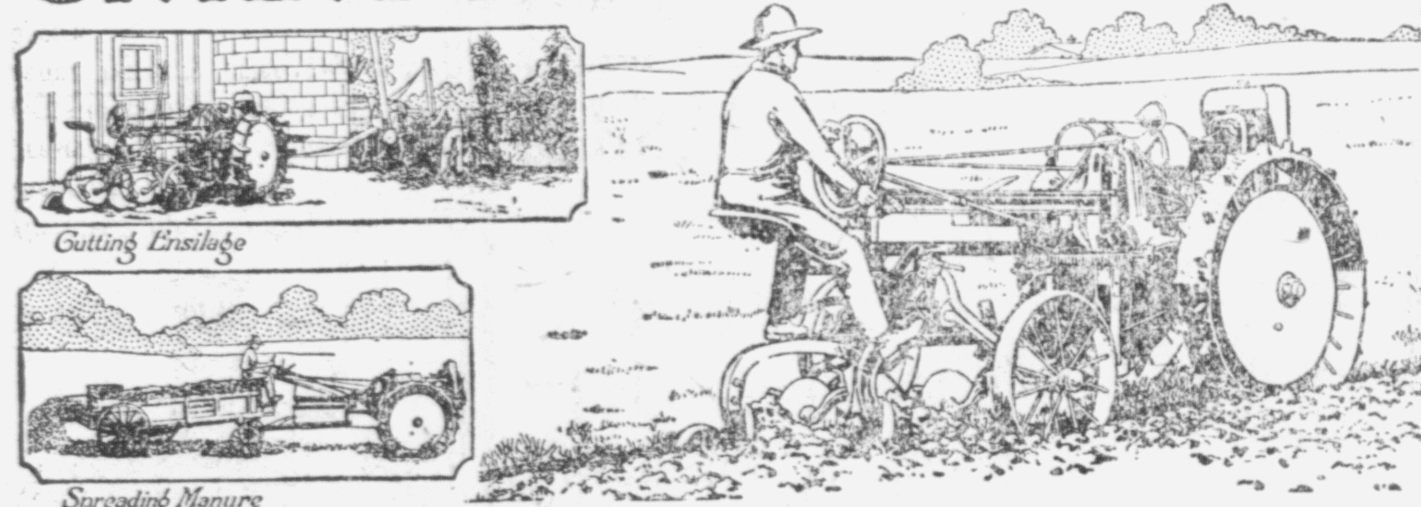

ARNOLD YAZEL ACQUITTED

Found Not Guilty of Intoxication At
Time Harry Pea Was Shot.

Arnold Yazel was acquitted of a charge of public intoxication by Mayor Irvin in police court yesterday afternoon shortly after four o'clock. He produced witnesses to show that he was not intoxicated last Sunday morning early when Harry Pea was accidentally shot while he was being placed under arrest. Yazel pleaded guilty to a charge of disturbing a public meeting, Monday morning when he was arraigned on both charges, and was fined \$10 and costs. He pleaded not guilty to the intoxication charge and his trial was set for yesterday afternoon.

TRY A WANT AD

THERE'S WORK EVERY DAY ON ANY FARM for the

MOLINE UNIVERSAL TRACTOR

You can make more money with the Moline-Universal than any other tractor because it can be kept at productive work more days a year—no matter how large or small your farm or what crops you grow. This is because the Moline-Universal is built to fit the farm and every operation on the farm. It is not limited to a few operations, nor to certain classes of work.

The Moline-Universal will do anything any other tractor will do and in addition an infinite variety of work impossible for any other tractor. You can find work for it every day in the year. If for no other reason than the fact that the Moline-Universal will do more and better work and can be kept busier than any other tractor, it is your best buy.

But the greatest advantage of the Moline-Universal is that one man controls both tractor and implement in all operations. You sit on the seat of the implement, where you must sit in order to do good work, and control the entire outfit. This means that you can farm more land than was ever before possible, with either horses or tractor.

The wonderful versatility and one-man control of the Moline-Universal are due to its two-wheel construction. It attaches direct to the implement and forms one compact unit with it—the tractor the front wheels and the implement the rear wheels. Every control on both tractor and

implement is within reach, making easy handling of the entire outfit, which can be turned in a 16-foot circle, and backs as readily as it goes forward. A boy or woman can handle it as well as a man.

Due to its two-wheel construction, which makes all its power available for pulling and greater speed, the Moline-Universal Tractor will do as much work in a day of ten hours with two 14-inch plow bottoms as the average three-plow tractor.

The high clearance of the Moline-Universal Tractor, as great as that of the average cultivator, and its light weight make it perfectly adapted for cultivating. With a two-row cultivator, it cultivates from 14 to 20 acres a day. There is hardly anything on the farm that it cannot do. For odd jobs it is converted into a four-wheel unit by means of a rear carrying truck, to which any implement on the farm may be attached in the ordinary way.

From a mechanical standpoint, the Moline-Universal Tractor measures up to the very limit of modern engineering knowledge. Perfected overhead-valve four-cylinder engine, complete enclosure of all working parts, electric starting and lighting system with electrical engine governor, and differential lock are only a few of the many improved features. It will pay you to stop and examine this latest and best of all tractors the next time you are in town.

PRESIDENT ANSWERS APPEAL OF GERMANY FOR ASSISTANCE

Says he is Ready to Consider Favorably Supplying of Foodstuffs to Enemy Nation.

REQUESTS SOME GUARANTEES

Is Willing to Prevent Suffering if he is Assured Order is Now Being Maintained.

AND WILL CONTINUE TO BE

Must Also be Guarantee of Equitable Distribution—Allied Governments Consulted.

(By United Press.)

Washington, Nov. 13.—President Wilson is ready to consider favorably the supplying of foodstuffs to Germany, if he can be assured order is being and will continue to be maintained there.

This reply has been sent Germany in answer to her appeal for food. The other condition placed was that there be a guarantee of equitable distribution.

The main portions of the answer as given by Secretary Lansing to Germany through the Swiss minister, are as follows:

"At a joint session of the two houses of congress on November 11, the president announced that the representatives of the associated governments in the supreme war council at Versailles have assured the people of the central empires that everything that is possible will be done to supply them with food and relieve the distressing want, and that steps are to be taken immediately to organize these efforts of relief in the same systematic manner that they were organized in the case of Belgium. Furthermore, the president expressed the opinion that by the use of idle tonnage of the central empires, it ought presently to be possible to lift the fear of utter misery from their oppressed populations and set their minds and energies free for the great and hazardous task of political construction which now face them on every hand.

"Accordingly, the president now directs me to state that he is ready to consider favorably the supplying of foodstuffs to Germany and to take up the matter immediately with the allied governments, provided he can be assured that public order is being and will continue to be maintained in Germany and that an equitable distribution of food can be clearly guaranteed."

Germany Given 24 Hours More

London, Nov. 13.—A wireless dispatch from Paris today announced the allied high command had informed the German high command that a supplementary 24 hours had been added to the time granted for evacuation of Belgium, Luxemburg and Alsace-Lorraine.

Fires Behind Hun Lines

With the American Armies in France, Nov. 13.—Huge fires were visible last night in the direction of Conans, behind the German lines. At some places the Germans remained facing the Americans, waving their hands toward our lines and strolling in the open fields without guns.

The second army reported heavy shouting and cheering from the enemy lines all night.

HEAR OF SON'S DEATH

Nashville, Ind., Nov. 13.—While participating in a jollification at Helmsburg, Monday, over Germany having signed an armistice in the world war, Mr. and Mrs. Syllanus Schrock, of Brown county, received a telegram from the war department at Washington telling them of the death of their son, Louis E. Schrock, age twenty-seven, in France.

RESOLUTION TO MAKE NOV. 11 VICTORY DAY

Washington, Nov. 13.—A joint resolution declaring November 11 as a national holiday to be designated as "Victory Day," was introduced in the house today by Rep. Hicks of New York.

PLANS MORE WORK FOR DRAFT BOARDS

Provost Marshal Plans to Return Soldiers to Industries Through These Organizations.

NOT FINALLY WORKED OUT YET

(By United Press.)

Washington, Nov. 13.—Plans for returning demobilized soldiers into industries through the local draft boards were being worked out by Provost Marshal General Crowder.

Under Crowder's plans, which are tentative and still without formal approval of the war department, soldiers will be discharged only as fast as their local boards could find jobs for them to step into.

Each local board would act as a soldiers employment agency until demobilization of the whole national army was complete.

The system would return the soldiers to civil life by exactly the same course as they were taken into the army.

GERMANS MUST GIVE UP SUBMARINE FLEET

Amended Armistice Terms Show Slight Changes and Little Favor to Germans.

MORE CARS ARE CALLED FOR

Washington, Nov. 13.—Appeals of the German armistice envoy to Marshal Foch for modification of the terms of surrender were of little avail. This is indicated by the amended terms, which were published today. Close survey of the amendments show few deviations in essential details from the original draft, which was announced to the nation Monday by President Wilson in his address before congress.

The amended terms, in some respects, favor the defeated enemy, but other provisions completely offset the slight favors granted. Chief among the changes made by Marshal Foch was the inclusion of a provision under which Germany is forced to give up her entire fleet of submarines. The original terms as to submarines provided for the turning over to the allies and the United States of only 160 U-boats. The amendment further provides that the German submarine fleet must be surrendered within fifteen days.

Another of the eighteen amended terms provides that the designated units of the German fleet which are to be surrendered must be prepared to leave their ports within seven days after the signing of the armistice. No time limit was fixed in the original draft. Instead of 50,000 railroad cars the Germans are required to surrender 150,000 cars. The number of machine guns to be turned over to the associated government is reduced from 30,000 to 25,000. German troops in East Africa are required to evacuate that territory instead of surrendering.

STRIKE IN SWITZERLAND

Berne, Switzerland, Nov. 13 (Havas).—A general strike has begun throughout Switzerland.

ANNOUNCES HIS ABDICATION

Emperor Karl of Austria-Hungary Issues Proclamation.

(By United Press.)

Copenhagen, Nov. 13.—Emperor Karl of Austria-Hungary, in announcing his abdication, issued the following proclamation:

"Filled with love for my people, I will not hinder their free development. I relinquish all participation in the administration of state affairs. May the people harmoniously adjust themselves to the new conditions."

CARTONS NOT BEING CLAIMED VERY FAST

Apparently Not Many Rush County People are Receiving Labels From Soldiers.

TIME EXTENDED TO NOV. 20

Not more than forty cartons for shipping Christmas gifts to soldiers overseas, have been given out by the special Red Cross committee in charge of the work. It was estimated by the committee last night that approximately thirty of these had been returned filled, and had been mailed by the committee. The first parcel sent from here was for Lieut. Harold Pearce and was sent by his mother, Mrs. Florence Pearce.

There is no explanation for the slowness with which the cartons have been claimed, except that it is due to the fact that Rush county relatives of men in the expeditionary forces are not receiving their Christmas labels. It is necessary to have one of the labels sent from abroad, before a carton can be obtained and packed with Christmas gifts.

The time for mailing Christmas gifts for overseas soldiers has been extended to November 20. The limit was previously fixed as November 15, but an extension was granted on account of the delay in supplying soldiers with labels.

SCHOOL ATTENDANCE MEETS EXPECTATIONS

Officials Gratiified Because it Was Feared Many Children Would Not Return

EPIDEMIC IS ABOUT ABATED

The attendance in the Rushville public schools, as well as in the township schools throughout the county, is more than meeting expectations, according to school officials.

When the schools opened this week, after being closed for five weeks on account of the Spanish influenza, it was feared that many pupils would not be allowed to return to school even though they were well. However, the epidemic does not seem to have made very deep inroads on children, such as it did among young adults. The schools really did not get down to business yesterday because school work was suspended Monday on account of the celebrations over the winning of the war.

The epidemic is practically abated in the county. No new cases in the county outside of Rushville and only one in Rushville, have been reported since last Saturday. The one case in the city was a trained nurse who fell ill Monday.

NO COTTON SPECULATION.

(By United Press.)

Washington, Nov. 13.—The war industries board has prohibited speculative short selling in cotton futures. This action was taken because speculative interests were taking advantage of the war situation.

MODIFICATION OF BUILDING ORDERS

Most Projects May go on Unrestricted Since Armistice Has Been Signed

ORDER FROM DEFENSE BODY

Farm Buildings May be Erected, As Well as Public Structures Not Costing Above \$25,000.

Modifications have been issued to the Rush County Council of Defense regulating local building for the next few months, having been prepared by the war industries board on account of the armistice with Germany being signed.

Hereafter no permits or licenses from the non-war construction section of the war industries board will be required in erecting farm or ranch buildings or in making improvements on them.

Other building projects which may now proceed unrestricted without a federal permit, which do not include all that are specified by the bulletin from the State Council of Defense, are as follows:

The construction, maintenance, improvement or development by federal, state or municipal authorities of highways, roads, boulevards, bridges, streets, parks and playgrounds.

The construction, extension, improvement, maintenance or repair of any public utility including water supply systems, sewer systems, light and power facilities and street and interurban railways.

The construction, alterations or extensions of, or repairs or additions to plants engaged principally in producing milling, refining, preserving, refrigerating or storing foods and feeds.

The construction of new, or the alterations or extensions of existing schoolhouses, churches, hospitals and federal state or municipal buildings, involving in the aggregate a cost not exceeding \$25,000.

The construction of new buildings or structures not embraced in any of the foregoing classifications, or the repairs or additions to, or alterations or extensions of, existing buildings and structures, in either case involving in the aggregate a cost not exceeding \$10,000.

The construction of new buildings or structures not embraced in any of the foregoing classifications, or the repairs or additions to, or alterations or extensions of existing buildings or structures, in either case involving in the aggregate a cost not exceeding \$25,000, when approved in writing by the State Council of Defense or its duly authorized representatives.

Building begun prior to September 3, 1918, where a substantial portion of the building has already been constructed.

REPORTS DIFFER ON CROWN PRINCE'S FATE

Bern Dispatch Says His Body Was Found Covered With Bullet Wounds in a Train.

AT THE FRONT ANOTHER SAYS

(By United Press.)

London, Nov. 13.—Conflicting reports were received today regarding the former crown prince of Germany.

A Bern dispatch said that his body had been found covered with bayonet and bullet wounds in a train bound for the Dutch frontier.

The German official news agency announced that he was at the front with his troops.

A Rotterdam dispatch said he arrived at Maastricht yesterday afternoon.

TO LIVE ON ISLE OF CORFU

Former Kaiser to Seek Quiet On Mediterranean Island, Report Say

(By United Press.)

Amsterdam, Nov. 13.—Count William Hohenzollern, the former kniser, plans to make his permanent residence on the Island of Corfu, it was stated by well informed persons today.

Corfu lies in the Mediterranean off the coast of Albania. The island has beautiful scenery and the climate is mild.

THIS MAY EXPLAIN PREMATURE REPORT

LeMatin of Paris Gives Conservation Tending to Show When Armistice was Signed

HUNS RECEIVED THURSDAY

(By United Press.)

Paris, Nov. 13.—The newspaper LeMatin, describing the arrival of the German plenipotentiaries, explaining that the night they were presented to the French lines (Thursday) Major Bourbonbusset said to General Winterfeld, on behalf of General Debeney:

"The misunderstanding must be immediately cleared up. The army this afternoon received three German parliamentary officers who assured us that the armistice was signed. Now operations are continuing."

General Winterfeld replied: "Undoubtedly, but I see in that only an error of interpretation."

The foregoing may in a measure clear up the mystery surrounding the report which was sent to the United States from Paris last Thursday morning to the effect that the armistice had been signed at 11 a. m. and that hostilities had ceased at 2 p. m. The United Press, which sent the dispatch, on Friday, cabled a statement by Admiral Wilson, commanding the American fleet in French waters, in which he took responsibility for the statement, which he believed at the time was based upon reliable information.

A VICTORY MEETING

A victory thanksgiving meeting will be held at the Arlington M. E. church Thursday evening. A cordial invitation is extended to everyone by the pastor, the Rev. F. M. Westhafer.

JOINT ACTION NEEDED TO DEAL WITH KAISER

Powers Must Co-operate to Send Wilhelm to Elba or St. Helena, Declared in London.

WILL NOT INTERFERE AGAIN

(By United Press.)

London, Nov. 13.—Joint action by the powers will be necessary to send the former kaiser to Elba or St. Helena, or to subject him to criminal prosecution, it was pointed out by the British officials today.

No anxiety is felt regarding the possibility of Wilhelm again interfering with the world's peace. He is regarded as impotent for further evil in view of the drastic armistice forced by the allies.

The internal situation in Germany is believed to be rapidly precluding any pro-kaiser sentiment that may linger there.

BANK ROBBERY FAILS

Franklin, Ind., Nov. 13.—An attempt was made early today to rob the Farmers National Bank, in Trafalgar, eight miles southwest of this city, but the robbers were frightened away before they succeeded in blowing the safe.

NAVY AND MARINE CALLS CONTINUED

Cancellation of Inductions Applies Only to Army, According to Instructions Today.

SOME CLASSIFICATIONS GO ON

Board Ordered to Discontinue Work of Classifying Registrants Above 37 Years of Age.

The local army board urges that questionnaires be returned as soon as possible because there is nothing in the changes which have been made due to the signing of the armistice, providing questionnaires shall not be returned. There are approximately thirty due from Rush county registrants.

Military registrants will be called and inducted into the navy and marine corps as if an armistice with Germany had never been signed, but there will be no more inductions into the army.

Supplementing a telegram yesterday cancelling all army calls, the local army board today received three pages of instructions regarding their procedure for the present.

"The orderly process of classification, physical examination and other activities of the selective draft will not be affected by or interrupted by this telegram," say the instructions, but they provide that—

The board shall discontinue all work of classifying men who on Sept. 12 had attained their thirty-seventh year;

That they shall continue the classification of registrants between nineteen and thirty-seven years;

That they shall send questionnaires to and classify all registrants eighteen years of age as expeditiously as possible;

The local board has already classified all registrants between nineteen and thirty-seven years and has examined physically all class one, except those whose status is undetermined because of claims before the district board upon which there have been no rulings.

The instructions resulted in the board today halting the classification and calling for examination of registrants above thirty-seven years of age. The majority of the registrants who were eighteen and had not attained their nineteenth year on September 12 have received their questionnaires and have been classified. A large number of them have been inducted into the S. A. T. C. The remaining ones in this class whose cases have not been acted upon, will be classified at once. Questionnaires have been mailed to all registrants of September 12 and all but approximately thirty returned.

The clause in the instructions relating to navy and marine corps inductions reads as follows:

"Nothing in this telegram shall be construed as affecting any call or competent order for induction into the navy or marine corps. All such inductions and entrainments will proceed as ordered."

Beginning, the instructions read as follows:

"Pending developments in the situation which arises because of the fact that Germany has signed an armistice providing for the cessation of hostilities, the president directs that all general and voluntary special calls now outstanding for the induction and mobilization of registrants of whatever color or physical qualifications for the army be and that the same are hereby cancelled."

Other paragraphs in the orders, which will be of interest to registered men, are as follows:

"All registrants whose inductions are cancelled or who are discharged by this order shall revert to the status existing at the time of the issuing of the original induction order, in-

UNITED WAR WORK CAMPAIGN NOW ON

Why We Need Much More Than \$170,500,000.

John R. Mott, Director General of the Campaign, Gives Ten Convincing Reasons for Raising Fund.

BY JOHN R. MOTT.

1. Because of the remarkable increase of the American army and of its inevitable continued increase. The budgets of at least three of the seven organizations uniting in the forthcoming Campaign were based on data assembled last spring, when it was thought there would be not more than 1,000,000 American soldiers in France by November first. As a matter of fact, the number there by that date will be 2,000,000. When those budgets were made, moreover, it was

STOMACH MISERY

Get Rid of That Sourness, Gas and Indigestion.

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Mi-o-na stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow.

Mi-o-na stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back. For sale by Johnson's Drug Store and all leading druggists.

COLDS INTERFERE WITH BUSINESS

Dr. King's New Discovery relieves them and keeps you going on the job

Fifty continuous years of almost unending checking and relieving coughs, colds and kindred sufferings is the proud achievement of Dr. King's New Discovery.

Grandparents, fathers, mothers, the kiddies—all have used and are using it as the safest, surest, most pleasant-to-take remedy they know of.

Sold by all druggists. 60c and \$1.20.

Keep Bowels On Schedule

Late, retarded functioning throws the whole day's duties out of gear. Keep the system cleansed, the appetite lively, the stomach staunch with Dr. King's New Life Pills. Mild and tonic in action. Sold everywhere. 25c.

thought that the total number of American soldiers on both sides of the Atlantic by next summer would not exceed 3,000,000, whereas our military leaders are now preparing for an American Army, before the end of next summer, of between 4,000,000 and 5,000,000.

2. Because of the marvelous expansion of the American Navy. When America entered the War, we had less than 70,000 men in the Navy. There are now over 600,000 sailors and marines and the number will be further greatly increased. Relatively, the organizations which are uniting in their Campaign have neglected the Navy, but it is their desire to help this arm of the service as much as any other, and therefore a much larger sum of money will be needed for this purpose than is now included in their respective budgets.

3. Because this war, unlike others, is not alone a war of armies and navies, but a war of entire peoples. In particular, it involves vast numbers of the industrial classes. Since our financial plans were announced, the claims of these industrial classes at home and overseas have been pressed upon us, and it has been made clear that we must augment greatly our efforts on behalf of the millions of men and women at work in arsenals, in navy yards, and in countless militarized and other indispensable war industries.

4. Because the burden of this war falls so heavily upon the women of America and of the Allies. They have taken the places of multitudes of men engaged in ordinary occupations and

Fagged Out Women

Vinol is What You Need

If all the tired, overworked, run-down women in this community could realize how our delicious Vinol, which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates supplies the vital elements necessary to enrich the blood and create working strength, we wouldn't be able to supply the demand.

Dukedom, Tenn.

"I live on a farm and keep house for six in my family. I got into a nervous, run-down condition so it seemed as though I would die. A friend advised me to try Vinol. I have been greatly improved by its use and am better and stronger in every way."—Mrs. H. H. Goodwin.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Burdett, N. Y.

"I keep house for my family of three, and raise chickens. I had a nervous breakdown, so I was unable to work. The doctor did not seem to help me, and a cousin asked me to try Vinol. It built me up—I now have a good appetite and am well and strong."—Mrs. Loyal Palmer.

Vinol Creates Strength

Out o' Luck—and In Again!

THREE soldiers who had been cut off from canteen supplies for many days left the trenches for a brief respite.

"Oh, for a smoke!" said one.

"And something sweet—some chocolate or cookies!" said another.

"I need a tooth brush and some soap worse than anything," said the third.

They came into a desolated village. Not a soul was in sight.

"We're out o' luck!" they said. And then they turned a corner.

"There it is!" they cried. It was a sign on the only building left standing in the place. It was the canteen run by one of these seven recognized organizations.

"Who said we're out o' luck?" they shouted. "We're in again!"

More than 500 tons of supplies leave our ports every week under the direction of these seven agencies—just so that wherever the American soldier happens to be, he will find good cheer and comfort waiting for him. A splendid army of uniformed workers are now engaged in this work and General Pershing asks that at least a thousand more be sent each month.

Nothing is too much to do for those who are bearing the brunt of this war. What will you give for those who are giving everything?

UNITED WAR WORK CAMPAIGN

E. R. Casady donates this space for the success of the U. W. W. Campaign.

have thus released millions for the fighting forces. They are also largely engaged in making munitions and in other essential war industries. The facts concerning the needs of women affected by war conditions convince us that a much larger financial provision should be made on their behalf than the budgets of our organizations contemplate.

5. Because of the comprehensiveness of the ministry being rendered the American Army and Navy and the forces of our Allies. It is the aim of these agencies to place at the disposal of our soldiers and sailors all that is best in American life. We represent to them the American home, the American school and college, the American library, the American forum, the best phases of American club life, the finest aspects of the American stage, and above all the American Churches and Synagogues. This is a colossal program and calls for a large expenditure of money—an expenditure necessarily increasing with the growth of the Army and Navy.

6. Because of the continuity of the service we are seeking to render. We aim to follow the soldiers and sailors from the time they leave their homes, while they are in transit, while they are at the training camps, large and small, while they are on their way to the ports of embarkation, as well as at those ports, while they are on the sea, during their stay at the ports of debarkation, during their experiences in further training overseas, in the zone of combat including the front line trenches, while they are at leave resorts or in the hospitals or in the prison camps, and then all the way back to their homes. The volume of expenditure necessarily grows with the steady enlargement of the fighting forces.

7. Because of the imperative need of placing all these helpful facilities at the service of the French Army of 4,000,000, of the Italian Army of 3,000,000, and of the smaller but very important armies of Russia, of Belgium, of Portugal, of Macedonia, of Palestine, of Mesopotamia, and of Egypt. The claims of these Allied Armies were not sufficiently recognized in the framing of our budgets.

8. Because of the indescribable need of the millions of prisoners of war, who must look to us solely for a comprehensive program in the interest of New Zealand, homeland. Without doubt it will take not less than twelve months to bring our American Army home. During that long period they will have virtually all their time on their hands. They will not have the excitement and the incitement of the war period to stimulate their spirits or its intense activities to absorb their attention and utilize their time. Their temptations will be more numerous and persistent. There will be a tendency to let down standards and relax discipline. It is of the utmost importance that plans be made for the wise use of their leisure hours. The practical and significant question is, Shall our men and boys come back to their physical, mental, social, and moral well-being?

9. Even though the War were to end within a few months, or a few weeks, we should stand in great need of a fund of more than \$170,500,000, because this work, unlike that of many other agencies, will have to be continued throughout the entire period of demobilization. While in Europe, I was told by military authorities that it will require a period of fifteen months from the time that the conflict ceases to transport the Canadian Army to their homes, and that it will call for not less than eighteen months to convey the armies of Australia and

us weaker or stronger men? The period of demobilization should not be allowed to become a period of demoralization but rather should be made one of growth in knowledge and working efficiency and of strengthening of character and life purposes. The Young Men's Christian Association and the other organizations are planning not only to enlarge their recreational program during this period, but to launch a great educational campaign. In popular language it may be described as "The University in Khaki." An Army Educational Commission composed of a group of the leading educators of America has been sent overseas. They have asked for two thousand professors and teachers of American colleges and schools to help in launching educational work for the coming winter, and also to be on hand for the period of demobilization, whenever it comes. We have entered into negotiations with the British and French universities to help us in this vast educational undertaking. One may judge of the great dimensions of the enterprise from the fact that it will require at least \$8,000,000 for textbooks and books of reference for the coming winter alone. It ought to be added that no provision is made for this educational program in the budget of \$170,500,000, and therefore in itself this plan affords a further reason why we must have a large oversubscription.

10. If there be no other reason, there should be a large oversubscription in order to meet promptly and effectively emergencies and crises which are sure to come. If you take away from war the unexpected, the surprising, the calamities, the emergencies, the crises, you take away war.

Decide NOW what you SHOULD GIVE to the United War Work Fund!

If you wait too long for year Christmas Photos, you may be disappointed. Wallace Photographer. 206ts

A Wall of Resistance

Emphasis should be placed upon the conservation of strength and the building up of a strong wall of resistance against weakness.

SCOTT'S EMULSION

is used regularly by many, right through the winter, as a dependable means of conserving strength. For the delicate child or adult, Scott's Emulsion offers rich nourishment with tonic qualities that are great in their ability to strengthen the body and increase resistance.

Scott's Emulsion, Borden's, N.Y. 10-21

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay gripped! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears. After another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

SALTS FINE FOR ACHING KIDNEYS

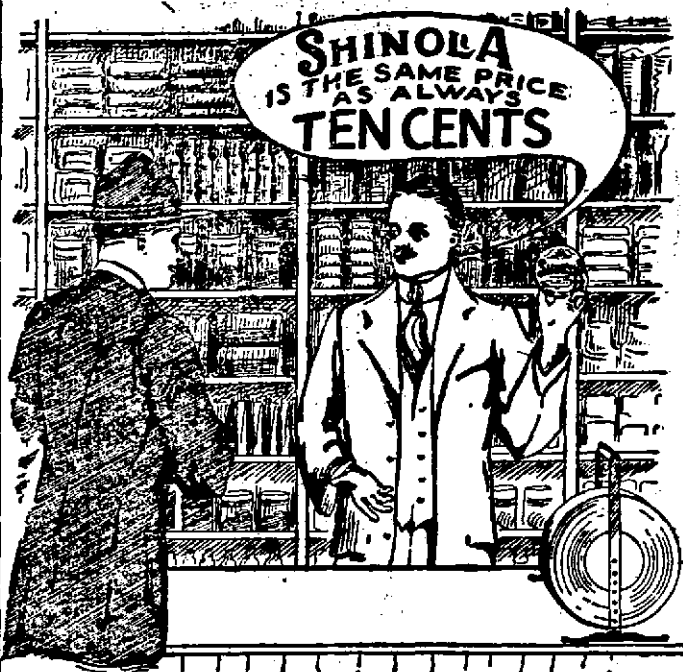

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to the clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful after-dinner drink; and what everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble with it is truly trouble.

SHINOLA

AMERICA'S HOME SHOE POLISH

SHINOLA IS THE SAME PRICE AS ALWAYS TEN CENTS

LARGE quantities of SHINOLA are purchased by the Government to be sold to the Soldiers and Sailors.

We aim to make SHINOLA cost the men serving their country and the public back of the men, as little as possible.

War conditions turn men's heads to profit making. We believe friends and users are more valuable than the profit of the moment. That is why you can buy SHINOLA at the same price as always.

Albert Heathcock and son Virgil of Carthage spent Monday evening as the guest of friends in this city.

Edward Hammond of Cincinnati spent the week-end as the guest of his parents, the Rev. and Mrs. E. W. S. Hammond.

An eight pound and a half boy has been born to the wife of Jesse Stevens in North Willow street. The child has been named Paul Phillip.

Amusements

Bill Hart at Mystic

Bill Hart will be at the Mystic Thursday night in "The Disciple", a snappy western picture typical of the kind in which Hart is featured. Charles Chaplin in a good comedy is announced for Saturday.

Madge Kennedy in a Comedy.

Madge Kennedy in a sparkling comedy-drama, "The Danger Game" will be shown tonight at the Princess. The "Pathe News" will be an extra addition on the program. Thursday Seesue Hayakawa in "The City of Dim Faces" and the "Allied War Review", will be shown.

Gorgeous Sets, embracing scenes in a New York Cafe, mountain views, and beautiful interiors of a fashionable home, are features of "Old Wives for New," the superb photoplay, which is to be the attraction at the Princess Friday. Cecil B. De Mille directed this picture with great skill and careful attention to detail. The novel from which Jenie Macpherson constructed the scenario was written by David Graham Phillips.

The story is one which searches into the souls of men and women and shows the inner workings of mind and conscience in an unusual tangle of circumstances. A man's efforts to remain true to his wife who has lost all her pride in personal appearance; his later attempts to defend from the tongue of scandal a really noble woman who loves him; the attitude of his children toward father and mother when divorce is sought—these vital problems offer a splendid lot of material to which Mr. de Mille has done full justice.

ASAFOETIDA SUPPLY GONE

Many Cling to Idea That This Drug Will Keep Away Disease.

The epidemic of Spanish influenza caused a record-breaking demand for asafetida in Rush county. Rushville drug stores were unable to supply the needs of the community for this drug. Their repeated requests of wholesale houses for asafetida in any quantity have been of no avail. Many people still cling to the antiquated idea that asafetida will keep diseases away harking back to the day when superstition was that a bag of asafetida carried on one's person would make them immune to disease of any character.

BERNICE ENCAMPMENT

Bernice Encampment No. 12, I. O. O. F., will meet Friday evening, November 15 for the first time since the ban on public meetings was lifted. New officers will be elected and every member is urged to attend.

WOMEN SUFFERERS MAY NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican. —Adv.

Third Term Approves

The attitude of the Toy Manufacturers of the United States, who are holding a conference in New York, toward the shipment of 4,000 cases of German toys recently arrived at that port is indicative of the public feeling against German importations in general. Some of the dealers to whom the shipment is consigned have signified their intention not to accept the toys. The conference has adopted resolutions "with the hope that all loyal Americans will emulate the splendid example of those dealers and steadfastly refuse to accept, distribute, or use toys made by a

Your Labor Counts—every ounce of work you do helps some soldier who is fighting over there! This war is being fought as truly in the household and in the work-shop as it is in the trenches.

Some of our American women are borne down physically and mentally, by the weaknesses of their sex. They suffer from backache, dragging sensation, bearing-down pains, very nervous and pain in top of head. If they ask their neighbors they will be told to take a Favorite Prescription of Dr. Pierce's which has been so well and favorably known for the past half century.

Weak women should try it now. Don't wait! Today is the day to begin. This temperance tonic and nerve will bring vim, vigor and vitality. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial pkg. tablets.

Lafayette, Ind.—"I was in such a terribly nervous condition that I could not sleep at night. I would have dreadful nightmares. My druggist recommended Dr. Pierce's Favorite Prescription to me and it has helped me wonderfully. The first half bottle cured me of my nervousness and made me able to sleep at night just as quiet as a child. It has also relieved me of pain which used to bother me a great deal at times. Dr. Pierce's Favorite Prescription is a grand tonic for women and I do not hesitate to recommend it."

FRED OSBORN
 Rushville, Ind.

"To have given these institutions so great a development is worthy of the American people who thus illustrate again that in their genius a sense of the ideal is admirably combined with an essentially practical mind."

King Victor Emmanuel of Italy.

UNITED WAR WORK CAMPAIGN

—By the Courtesy of The Rush County National Bank.

nation of fiends."

Yet the German trade with this country in toys and other products is precisely what the president wishes to perpetuate. That is the official interpretation placed on his peace term No. 3, in which he favors the elimination of all economic barriers among nations. Senator Hitchcock of Nebraska, democratic chairman of the foreign relations committee, has declared the president's language to mean that if term No. 3 becomes a part of the treaty of peace "it would be then improper for the United States to adopt a tariff discriminating between nations." In other words German toys would have to come into this country on precisely the same terms as similar importations from France or England, and other products would receive the same generous treatment.

The American people see a difference between toys made by a nation whose soldiers find pleasure in cutting off hands of children and impaling babies on their bayonets, and those manufactured by the peasants of a country that has endured the trials and sacrifices of France. As indicated by the action of the association of toy manufacturers in New York the people will demand that the German products be kept from their markets, in spite of the attempt of the President to bring them in on an equal footing with the manufacturers of other countries. If Mr. Wilson wishes to avoid an overwhelming storm of disapproval he will do well to put the soft pedal on all further mention of Term No. 3.

The old rule, "Who Breaks, Pays", is founded upon eternal justice. No terms of peace should be considered that do not require Germany to pay to the uttermost farthing for the wanton destruction and devastation of the regions she occupied in France and Belgium.

It is a comfort to look at Orion and Sirius in these clear autumn nights and to think that our boys "over there" are watched by the same kindly stars.

You have had the pleasure of subscribing for the Fourth Liberty bonds and right along now you are having the fun of paying for them.

Austria probably reflects that she would be far better off if four years ago she had reconciled herself to losing her Arch Duke and Duchess said nothing about it.

"Hoover Permits Serving of Hash"—news headline. If the food administrator had a more intimate knowledge of the boarding house product known as hash, he would reconsider his order.

DESCRIBES VISIT TO ENGLISH PALACE

Private Harold Wolcott Writes Parents of Tour of Home of Late Duke of Norfolk

CASTLE IMMENSE BUILDING

Former Rushville Boy Sits in Chair in Which Queen Victoria Once Sat

Private Harold Wolcott, 326 Aero Service Squadron, England, has written his parents Mr. and Mrs. F. E. Wolcott, an interesting description of his visit to an English palace built in the tenth century. His letter follows:

On the afternoon of October 6, the Y. M. C. A. took about fifty of us down to the castle at Arundel and we spent two of the best hours that I have spent since I have been on the other side, going through the place and grounds about. It is about three or four times as large as our court house at home and you could put the one at Indianapolis, inside of the main part of the building. It is simply immense. It was built in the tenth century and has been remodeled by the late Duke of Norfolk. There are halls filled with nothing but tapestry and paintings of old armor and fighting implements that were used in the early part of the ninth and tenth century. The grounds surrounding the castle are kept up in wonderful style and the buildings are furnished with the best of everything. It must cost a fortune to keep the place up.

I sat in the chair that Queen Victoria sat in and had a helmet on that some knight had worn in some mediaeval battles. We saw the great vaults, where the ancestors of the present duke are buried and the old chapel where they held their burial rites. Oh! it was certainly wonderful. Their library is a wonderful place and I could have spent hours in that room alone. Of course we

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sorrowful complexion—dark rings under your eyes—pimples—a bilious look in your face—dark eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that experience of spirit, that natural buoyancy which should be enjoyed by everyone, by taking up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

were not allowed in the rooms where the family is now living but the servants quarters are much better furnished than 85 percents of the houses in the States. They have in-laid cabinets and book-cases, which would cost a small fortune and the tapestry on the walls of the rooms is beyond price. There are hunting scenes and battles portrayed on the tapestry. They are so old that they are nearly falling off the walls.

Old pieces of armor and devices for torture are scattered all through the rooms and halls. There are two dungeons in the palace and of course we had to see those also. The castle is surrounded by high walls, which are thick enough to allow a car and buggy to pass easily and all along the walls are watch towers and guard houses. There is a place, where all the inmates could go and live in case the palace was besieged by the enemy. We also saw the old tilting grounds, where the knights of old used to combat for honors, etc. It was certainly a wonderful place and every one enjoyed it thoroughly. I have some very interesting souvenirs to show you when I get home and I hope that it will not be so very far distant. I want to go to London and see all the sights there on my seven day leave and I will write and tell you all the interesting things I have seen there.

I suppose that you are still having warm weather at home. We have been issued our heavy underwear and very glad to get it. It is English make and scratches the life out of me but its warm and we have to be contented and wear it. I haven't time to do my washing so I let an English woman do it and the best thing is that she doesn't charge very much. She does a very good job. We have no facilities to do our washing as we have very little time off. We have Tuesdays off instead of Sundays, because all the shops are closed on Sundays and the trains do not run often to the surrounding towns. I worked this morning and went to the castle in the afternoon, but will have to work tonight to make up for the time I was off. When they have night flying, one fellow has to work all night to make out the reports on the flying time, but is off all the next day. We all take our turns at this night work so really it isn't so bad.

I saw in the paper where all the fellows eighteen years of age will have to register the same as the older ones did, who were drafted in the first quotas. I do not think that they will ever get to see this side now, because it looks as though the war will be over within the next year.

EIGHTEEN HOOSIERS IN TODAY'S CASUALTY

There are One Thousand and Sixty-one Names Issued, With 310 Killed in Action

100 ARE DEAD FROM WOUNDS.

Washington, Nov. 13.—In today's casualty list there are one thousand and sixty-one names issued from the War department, with 310 killed in action; 100 died from wounds; 13 died from accident and other causes; 2 died of airplane accident; 1 died in sinking; 180 died of diseases; 90 wounded severely; 159 wounded (degree undetermined); 105 wounded slightly; 78 missing in action.

There are eighteen Hoosiers reported in today's casualties as follows:

Killed in action—Private Thomas A. Brown, Evansville; Private Cecil Earl Mount, Little York; Private Ernie Hutchings, Terre Haute; Private William A. Reed, Goshen; Private Gilbert R. Elliot, Paoli; Sergt. Bennie W. Vinup, Rising Sun; Private Winsfield McCormick, Lapaz.

Died of disease—Private Waldo W. Becker, Phrisney; Private Horace Holmer Hay, Bollmington; Private Lonnie Davison, Parr; Lieut. Roy E. Harding, Bedford; Private George O. Gaines, Shelbyville.

Wounded severely—Corp. Vincent Harry B. Jones, Whiting.

Wounded (degree undetermined)—Private William Lee McCune, Evansville; Private William T. Rintey, Greenwood; Lieut. Samuel O. Taylor, Evansville; Privatetaoetaoia taotie Evansville.

Prisoners—Private Gernie J. Spencer, Terhune.

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to; just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreader you will find on our sample floor. Come in and see it.

RUSHVILLE, INDIANA

DRUGGISTS STILL ASKED TO CONSERVE STOCKS OF VAPORUB NEEDED IN "FLU" DISTRICTS

Influenza Epidemic is Decreasing in Most Sections and the Demand is Slackening But We Are Still 18,000 Gross Behind on Orders and it Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS

On October 1st we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more than three (3) dozen 30c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check or money order. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST.

We have prepared a little folder giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded arising—Adv.

THE VICK CHEMICAL COMPANY.

to druggists on request. We will also be glad to mail to any individual one of these booklets, together with a quarter-ounce sample) free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bed-covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE.

It is questionable if there is anything which will prevent Spanish Influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and snuff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half-full of boiling water—put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising—Adv.

GREENSBORO, N. C.

NAVY AND MARINES CALLS CONTINUED

Continued from Page One: cluding a resumption of their order and serial number.

"Nothing herein contained shall operate to relieve from the consequence of his acts any registrant affected by these orders who has heretofore become a delinquent or deserter.

"The purpose of this telegram is merely to cancel outstanding calls and stop the entrainment thereunder of men for the army. All registrants released from induction under the provision of this telegram are liable for immediate call in the usual manner at any time."

The orders did not have the effect of halting any local contingents enroute to camp, but resulted in a cancellation of the call for eight men who were to leave Friday for Camp Wadsworth, South Carolina. They would not have been inducted into the service until they reported the day before entrainment; therefore no Rush county registrants who were not in camp before the armistice was signed, will be honorably discharged, as provided in the order, because none outside of camp had been inducted.

The registration card of Jesse L. Booth of Alberta, Canada, formerly of this county, was received today. He was the 2,246th man to register.

Rulings from the district board were received in four cases today. John S. Stewart, 736 W. Third street was placed in class one; Henry Hier of Rushville R. R. No. 7 and Richard J. Spurling of Rushville were given class two, and Samuel Haywood of Rushville R. R. 8 was placed in class three.

The board is in receipt of three rulings from the district board. Charles W. McMichael of Rushville, R. R. 8, was placed in class two on account of an agricultural claim and Jacob Kessler of Rushville, R. R. 2 and Daniel M. Hays of Rushville, R. R. 10 were placed in class three on the same kind of claims.

Physical examinations conducted Monday and Tuesday resulted in sixteen being held for general military service. Four were rejected and one was held for limited service. Tuesday's group of registrants was best qualified physically of any which have ever appeared before the medical examiner, eleven out of twelve examined being held for service. Three failed to report and were rejected. Two of the men called for Monday had been previously examined.

Results of The Medical Examinations of Registrants

Passed Ready For Army

WAR or NO WAR!

We must still wear clothes. Not necessarily new ones, but clothes. Our business is to help you get the most possible good out of your clothes, and our progress will make a new appearance on them by removing that shabby and soiled look. Call us—we will call for them and deliver them. Phone 1154. Twentieth Century Cleaners and Pressers. "We Kleen Klose Kleen."

STICK TO SENRECO AND YOUR TEETH WILL STICK TO YOU

THOUSANDS DAILY JOIN SENRECO FAMILY
TEETH BECOME WHITE, CLEAN AND FASCINATING IN FEW DAYS—GUMS FIRM AND HEALTHY

Dealers Amazed at Fast Growing Popularity of Remarkable Dentifrice

Don't neglect your teeth whatever else you do or you'll surely be sorry later on. Your dentist is one of your best friends—don't forget that—see him often—many thousands of men and women are enjoying life today because of the dentists' knowledge and skill.

You can have white teeth so radiantly clean and fascinating that they will compel unstinted admiration. You can have firm healthy gums with no taint of disease if you will only visit your dentist occasionally and use Senreco toothpaste every day.

Senreco is a dentist's formula, a combination so perfect that, besides being the finest cleaner of teeth and the most enjoyable of dentifrices, it is an active enemy of the vicious germs of pyorrhea—that all too common and abhorrent disease that attacks the gums and causes them to bleed, recede and grow soft, tender and spongy.

Get a tube of magical Senreco today—the good results will astonish you—in just a few days your teeth will radiate purity.

REV. MOODY EDWARDS WRITES FROM MEXICO

Describes Climates and Tells of His Work as Missionary Among the Natives.

FORMERLY PASTOR IN COUNTY

F. C. George of North Perkins street, is in receipt of a letter from the Rev. Moody Edwards, formerly pastor of the Little Flatrock Christian church and other churches in the county, but now a missionary on the Mexican border.

Mr. Edwards tells briefly about his work, saying that besides preaching in English on alternate Sundays in Eagle Pass, Texas, where he is located, he is teaching English twenty-two hours a week in the Peoples' Institute in Piedras Negras, Mexico, and that there are seven bright young men studying for the ministry. He says they are conducting a church for the natives and have a Sunday school of about seventy members.

The Rev. Mr. Edwards states that his wife, his daughter and himself have just recovered from the influenza, and continues that because of the exceedingly dry climate, the death rate is very low. He adds that there was no rain from May 12 to September 11, and that the natives tell him that they will probably not have any more until spring.

Decide NOW what you SHOULD GIVE to the United War Work Fund.

RESTRICTIONS ON BUILDING

REMOVED

In an announcement made yesterday by the State Council of Defense, all restrictions, that would apply to local building were removed, being removed from ALL FARM BUILDINGS and from ALL OTHER BUILDINGS costing LESS THAN \$25,000.00.

This ruling will undoubtedly stimulate building. Lumber stocks are generally broken now owing to recent embargo on shipments; THOSE CONTEMPLATING BUILDING either this fall or in the spring will do well to PLACE ORDER NOW and SECURE MATERIAL while available.

ADVANTAGE OF THIS FINE WEATHER should be taken to PAINT ROOFS AND GUTTERS BEFORE WINTER.

Pinnell-Tompkins Lumber Co.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again. Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

Social Calendar, Thursday

Ladies Musical at the St. Paul's M. E. church, in the afternoon at 2.30 o'clock.

Aid society of the Sexton Christian church, all day meeting in the M. W. A. hall.

Miss Alma Green entertained the members of the Psi Iota Xi sorority last evening at her home in East Sixth street. During the business meeting numerous plans were discussed for the future. A very enjoyable evening was spent knitting and in a social good time.

The members of the Loyal Daughters of the Christian church met last evening at the home of Mrs. Albert Allen in West Eleventh street. The members took their first lesson in French and it proved to be very interesting study. There were about twenty members present.

There will be no meeting this week of the Women's Home Missionary society of the St. Paul's M. E. church. Next Thursday there will be a meeting and all members are requested to bring their thank offering.

The members of the Aid society of the Sexton Christian church will hold an all day meeting in the M. W. A. hall tomorrow. All members and others, who are interested in the work are welcome to come and attend the meeting.

Mr. and Mrs. Wilbur Stiers formerly entertained last evening at guards at their home in North Perkins street. The guests for the occasion were Mr. and Mrs. Harry McMillin and Mr. and Mrs. Frank Catt.

Mrs. Mary J. Walton entertained at dinner yesterday, Mrs. Berry Osborne, Mrs. Ben Gruell of Los Angeles, California, Mrs. J.Q. Thomas, Mrs. R. E. Cleveland of East Orange, New Jersey, Miss Marie Walton and Cary Walton of Greenfield.

After five months vacation the Woman's Literary Circle of Carthage, spent a pleasant afternoon at the home of Mrs. Van Hood yesterday. The first number on the program was "The Aims of America and the Allies" by Mrs. Owen S. Hill, followed by "The Historical Backgrounds of the War", given by Mrs. William Bundy. Mrs. Libbie J. Hills read "The Causes of the Present Conflict", which brought the meeting to a close. The following new has been added to the society: Mrs. J. B. Redding and Miss Hazel Hill, Miss Florence Hunt of Boston, Mass., Mrs. W. S. Coleman of this city and Mrs. C. C. Henley, were the honored guests.

Mrs. E. B. Thomas entertained the members of the Monday Circle yesterday afternoon at her home in North Morgan street. During the business session Mrs. Blanche Abercrombie, president of the organization, collected \$25, which will be turned in to the State Federation of clubs for the fund being used to establish furlough houses "Over There" for our soldiers. These houses are to give all our boys all the comforts of home life and to make them happy while they are unable to get home on their furloughs. Mrs. Ralph Payne and Mrs. J. B. Kinsinger were selected as delegates to represent this chapter at the State Federation of Women's clubs convention, which will be held in Indianapolis, next week. A very interesting program was given after all business matters had been discussed. Mrs. L. L. Allen gave a complete paper without notes on "Art and Art Centers of America", after which a very instructive paper was read by Mrs. Louis Lambert, "Education and Educational Problems". After the reading of the two papers the members discussed them.

The Manila Red Cross will hold a meeting in the M. E. church Wednesday evening and elect officers for the next year.

Decide NOW what you SHOULD GIVE to the United War Work Fund.

News of Colored Citizens

Honoring Mrs. Ella Smith, the bride elect, the Modern Pricilla club gave a miscellaneous shower at the home of Mrs. A. G. Hammond in East Eighth street, yesterday afternoon. The rooms were beautifully decorated.

ed in patriotic colors. A book formed by each member presenting a page and tied with the club colors, was given to Mrs. Smith as a souvenir. Besides, the book she also received many useful gifts. At a late hour, dainty refreshments were served.

Obituaries

A TRIBUTE
To the Memory of Mrs. Hypatia Marshall.

Her life is gone out, leaving a memory fragrant with good deeds and kind acts. A kindly soul she had, that was often unhappy at the unhappiness of others; a heart that always went out to those who had less than she. Many loving acts of charity, known only to herself and her Maker, are written in Life's Book above. Beautiful service at the bedside of the sick—one instance I recall, of the faithful care of an old and lonely woman, poor and unconnected, until the end, that came after a long and wearying illness. Another, the case of a young woman, long ill with tuberculosis, and without a relative to smooth the pillow, or lighten the dark way down through the Valley of the Shadow, had her loving care until the end.

Much of this loving care of the sick was done to fill the emptiness caused by the death of a beloved daughter some years ago, not knowing while doing it, that she was building a monument to her life such as no stone carver can ever build. These loving acts alone, it seems, would insure her a happy immortality, but there were many, many others.

Mrs. Marshall had many of the traits of her grandfather, an Eastern Indiana pioneer, Judge William B. Laughlin, as were revealed in a broad and charitable mind, and a loving, humble spirit.

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

HUNS USED FEET TO FIRE MACHINE GUNS

Lieut. D. D. Dragoo Says They Made
Pretense of Surrendering And
Then Shot Americans.

HORSES PLAY PART IN WAR

That the boche is crooked, Lieut. D. D. Dragoo, 317th headquarters troop, former local veterinarian, is convinced, according to a letter to Derby Green, written from some place in France. That is the reason he placed no faith in their efforts to negotiate an armistice. Lieut. Dragoo believed, however, that they were whipped and would have to admit it.

As an example of their tactics in war, Lieut. Dragoo cited an example in his letter. He said he knew of instances where the Germans rushed out of their dugouts and indicated that they were ready to surrender by holding up their hands. When American soldiers approached them, he said, the Huns threw hand grenades in their faces and shot machine guns with their feet.

Lieut. Dragoo declared the world will never know the part the faithful horse and mule played in the war. He said that he spent two weeks at a time picking sharpshooting out of horses. The former local veterinarian wrote that frequently horses and mules, after working hard all day, may be wounded mortally so that killing them is the only course left open.

AMERICAN ARMY IS NOW MAKING TIME

Waiting Orders From Marshal Foch
For the Next Move—Wonderful
Changes on Front.

ENEMY PREPARES TO RETIRE

(By United Press.)
With the American Army at the front, Nov. 13.—The American army is marking time until orders come

from Marshal Foch for the next move.

Very few Germans were seen along the front lines, which gave rise to the belief that plans were already under way for retirement back to their own border.

Cessation of hostilities has wrought wonderful changes on this front.

Marching columns of troops going into battle are replaced by laughing groups of doughboys and poilus rejoicing at the success of their great efforts.

Towns in this part of France continue to celebrate.

U. S. NAVY ESCORTS 900,000 SOLDIERS

Also Performs Remarkable Feat in
Laying 80 percent of Mine Bar-
rage 360 Miles Long

OTHER ACCOMPLISHMENTS

(By United Press.)
Washington, Nov. 13.—Some of the accomplishments of the American navy may now be made public.

The American navy so far has provided escort for 900,000 troops. Americans ships also escorted 27 percent of allied and neutral shipping.

A mine barrage 360 miles long, the longest in the world, has just been completed between Scotland and Norway, completely enclosing the North Sea. The American navy laid 80 percent of these mines, with about 57,000 American-made specially designed mines. This is regarded as one of the greatest naval feats in history and was previously believed impossible. The mines were transported from American to two gigantic American naval bases where they were assembled.

ARNOLD YAZEL ACQUITTED

Found Not Guilty of Intoxication At
Time Harry Pea Was Shot.

Arnold Yazel was acquitted of a charge of public intoxication by Mayor Irvin in police court yesterday afternoon shortly after four o'clock. He produced witnesses to show that he was not intoxicated last Sunday morning early when Harry Pea was accidentally shot while he was being played under arrest. Yazel pleaded guilty to a charge of disturbing a public meeting, Monday morning when he was arraigned on both charges, and was fined \$10 and costs. He pleaded not guilty to the intoxication charge and his trial was set for yesterday afternoon.

Great Victory Sale!

**In Which You Are Invited
To Participate**

The Boxley Piano Store's Sale of Musical Goods, comprising a stock of several thousand dollars' worth of Player-Pianos, Phonographs and Pianos, all will be sold at astounding low prices—Prices below all competition.

This sale comes in good time for everyone who wants an instrument for Xmas. Come to the store this week—without fail. Take advantage of the low prices, and have the instrument set aside for later delivery. Goods will be sold for cash or on reasonable terms. Buy now and avoid disappointment. There is an extreme shortage of musical goods everywhere. These goods were bought nine months ago—just before the big raise in price by the manufacturers. We saved money by making a large purchase of Player-Pianos and Phonographs—and now we are going to turn the entire stock at an enormous saving to all who wish to buy now. The quality of these instruments is the best on the market—reliable makers, such as are always to be found at the Boxley Store.

A SALE OF UTMOST IMPORTANCE TO ALL WHO WANT A NEW MUSICAL INSTRUMENT IN THEIR HOME.

THERE'S WORK EVERY DAY ON ANY FARM for the

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

You can make more money with the Moline-Universal than any other tractor because it can be kept at productive work more days a year—no matter how large or small your farm or what crops you grow. This is because the Moline-Universal is built to fit the farm and every operation on the farm. It is not limited to a few operations, nor to certain classes of work.

The Moline-Universal will do anything any other tractor will do and in addition an infinite variety of work impossible for any other tractor. You can find work for it every day in the year. If for no other reason than the fact that the Moline-Universal will do more and better work and can be kept busier than any other tractor, it is your best buy.

But the greatest advantage of the Moline-Universal is that one man controls both tractor and implement in all operations. You sit on the seat of the implement, where you must sit in order to do good work and control the entire outfit. This means that you can farm more land than was ever before possible, with either horses or tractor.

The wonderful versatility and one-man control of the Moline-Universal are due to its two-wheel construction. It attaches direct to the implement and forms one compact unit with it—the tractor, the front wheels and the implement, the rear wheels. Every control on both tractor and implement is within reach, making easy handling of the entire outfit, which can be turned in a 10-foot circle, and backs as readily as it goes forward. A boy or woman can handle it as well as a man.

Due to its two-wheel construction, which makes all its power available for pulling and greater speed, the Moline-Universal Tractor will do as much work in a day of ten hours with two 14-inch plow bottoms as the average three-plow tractor.

The high clearance of the Moline-Universal Tractor, as great as that of the average cultivator, and its light weight make it perfectly adapted for cultivating. With a two-row cultivator, it cultivates from 14 to 20 acres a day. There is hardly anything on the farm that it cannot do. For odd jobs it is converted into a four-wheel unit by means of a rear carrying truck, to which any implement on the farm may be attached in the ordinary way.

From a mechanical standpoint, the Moline-Universal Tractor measures up to the very limit of modern engineering knowledge. Perfected overhead-valve four-cylinder engine, complete enclosure of all working parts, electric starting and lighting system with electrical engine governor, and differential lock are only a few of the many improved features. It will pay you to stop and examine this latest and best of all tractors the next time you are in town.
